Trojans Make Footprints in Sands of Time

The sands of time have run out on our high school days here at Tunstall and we must now turn to the future. This, the 1969 issue of the Iliad marks the end of an important phase of our lives. The scholastic challenges enabled us to become better students and to be prepared for a more successful future. Socially our interests were broadened and the many opportunities we encountered has enriched our lives.

In this book, time flies backward over days by gone and now our yesterdays are only footprints in the sands of time. Through our long and tedious learning process we have been taught to make worthwhile footprints that others may follow in.

Perhaps in the future when we look at this book, it will bring back pleasant memories and thus serve as a connecting link to the past, embodied with pleasure and fond memories.

A Psalm of Life

Lives of great men all remind us
We can make our lives sublime,
And, departing, leave behind us
Footprints on the sand of time.

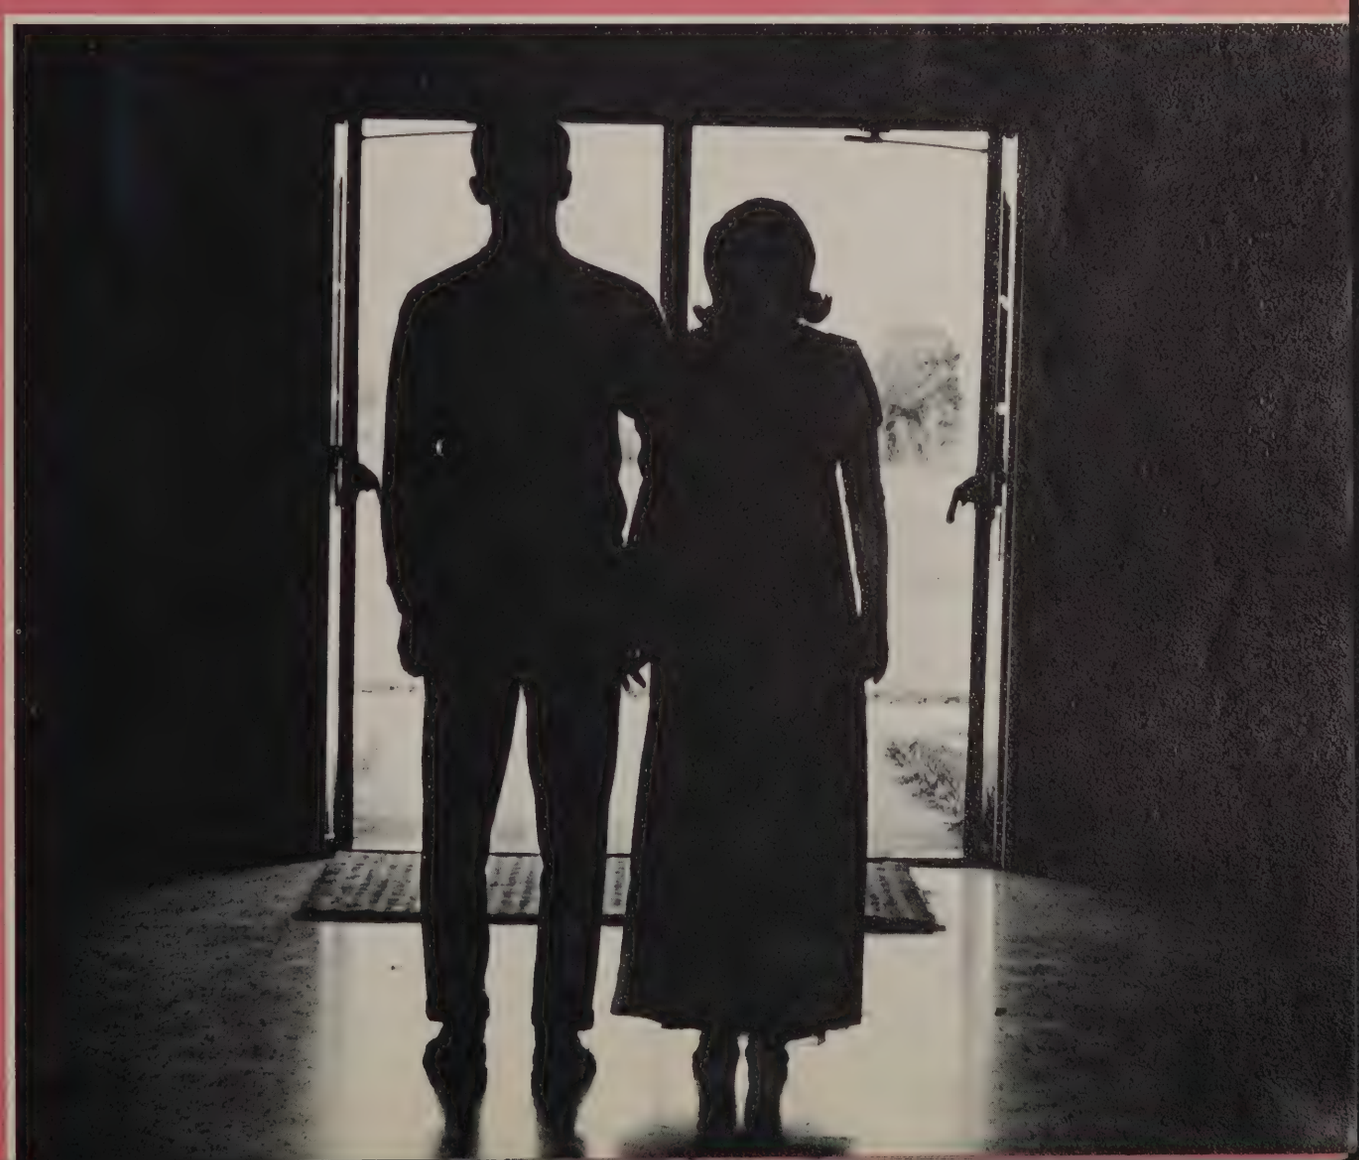

Footprints, that perhaps another,
Sailing o'er life's solemn main,
A forlorn and shipwrecked brother,
Seeing, shall take heart again.

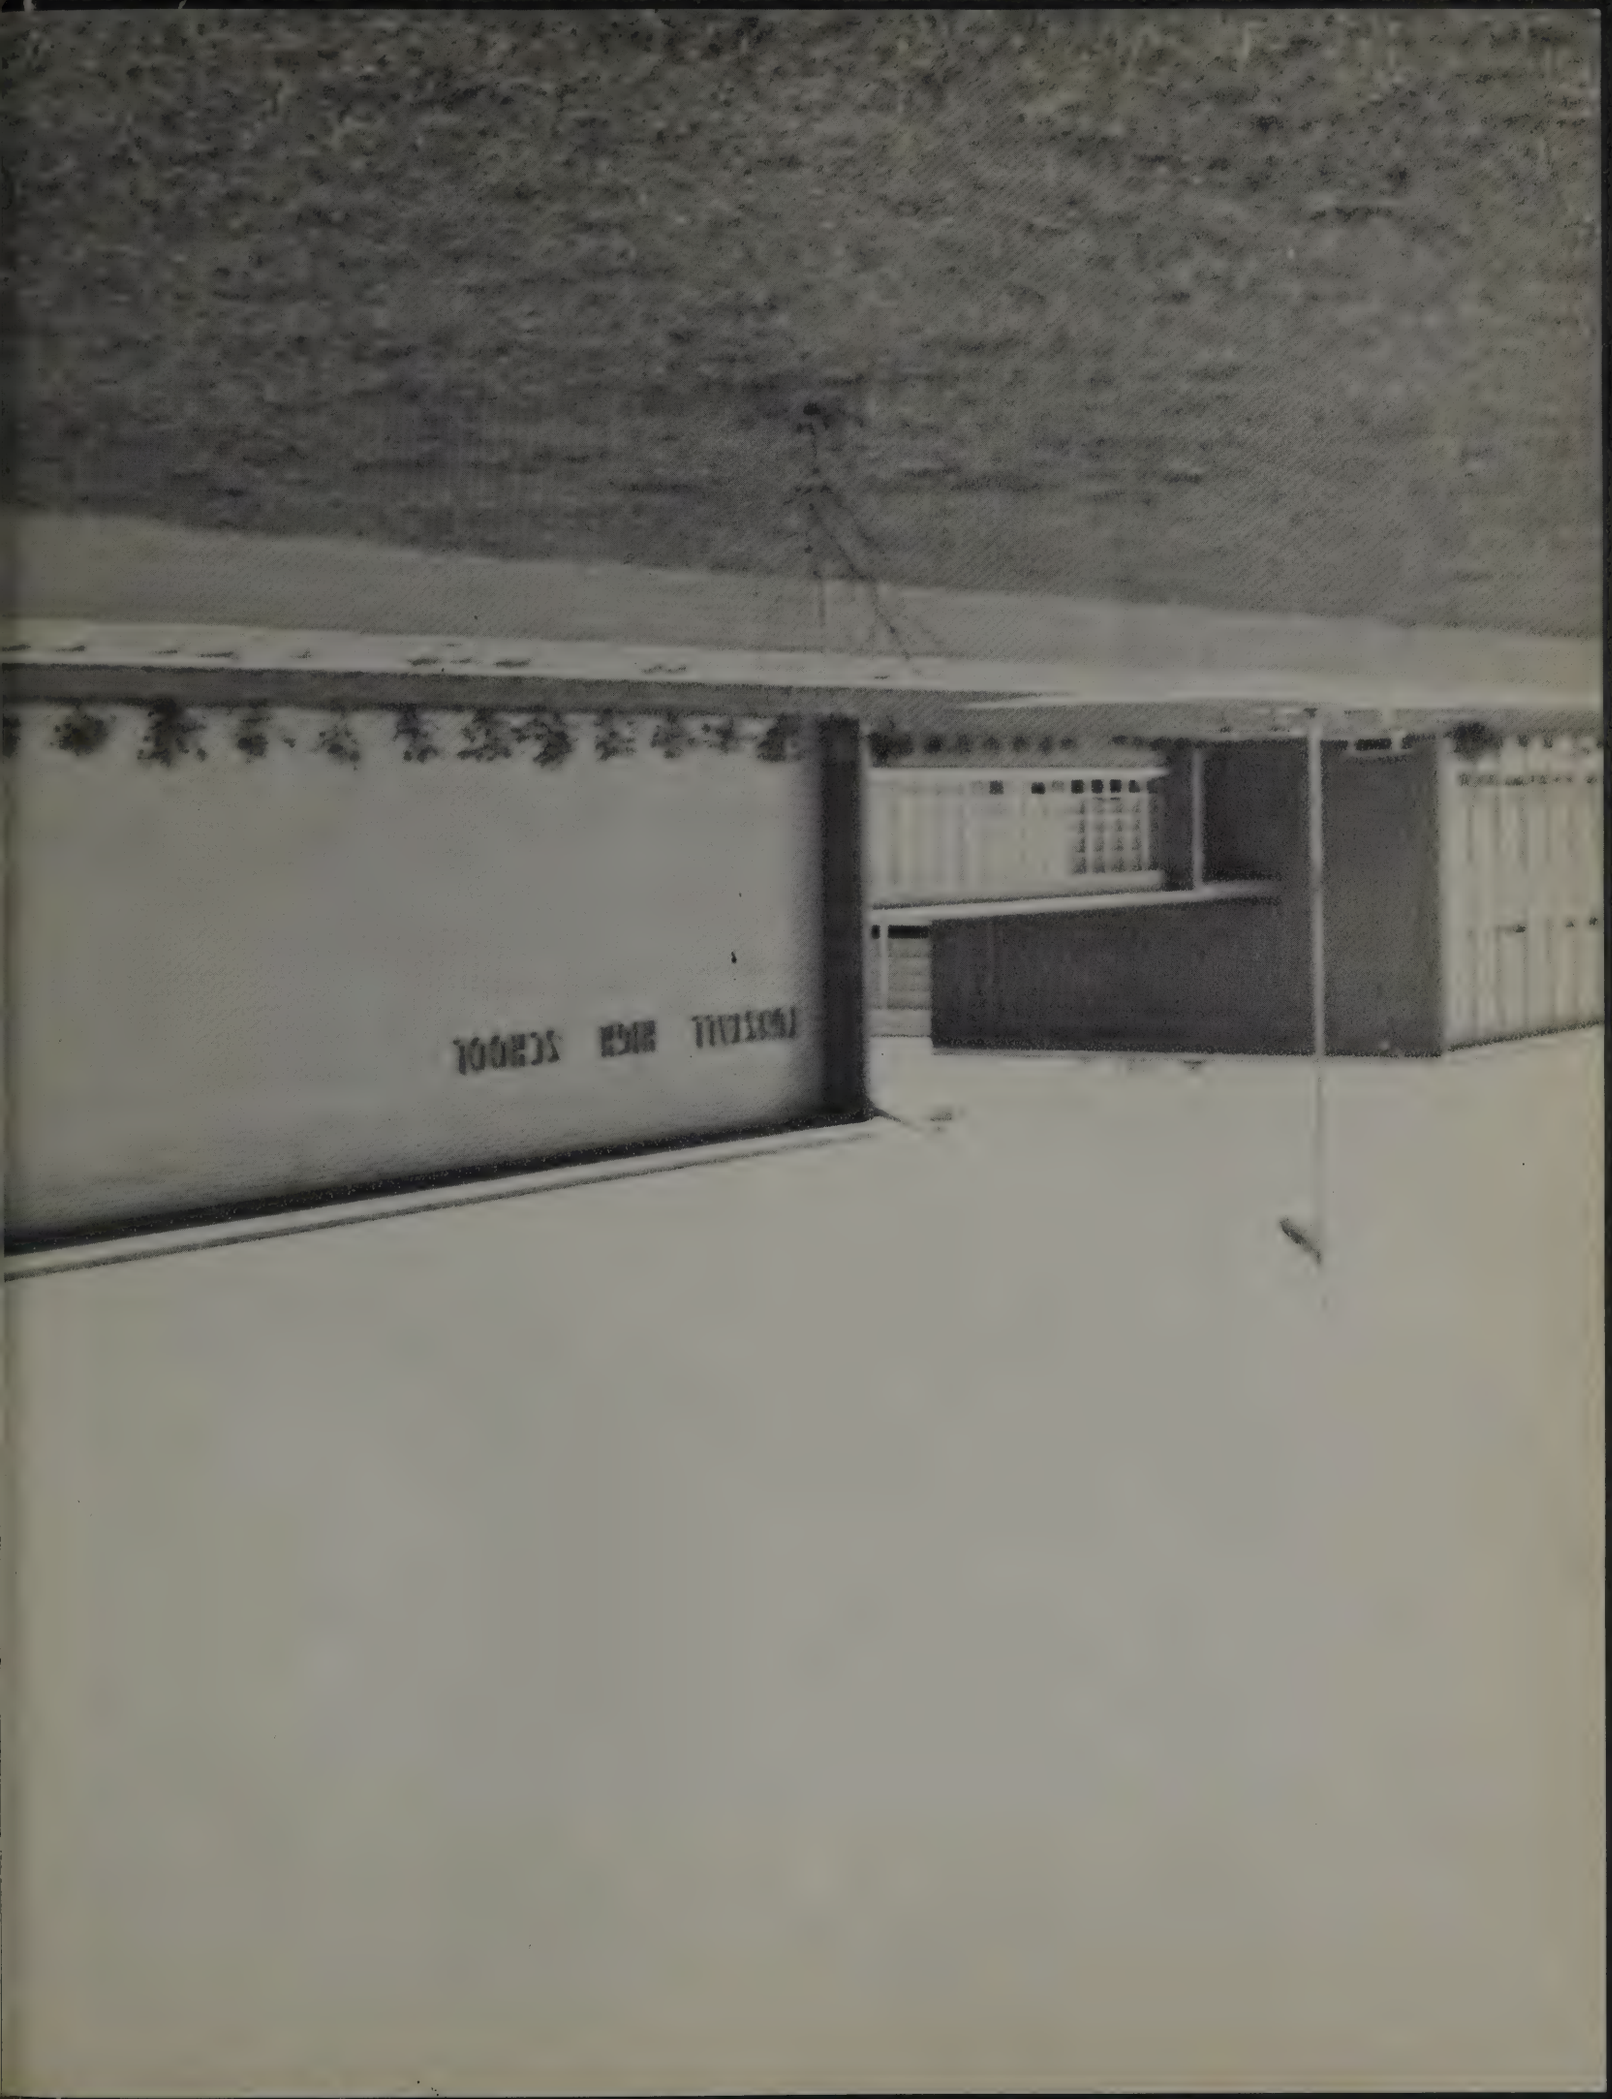

Let us, then, be up and doing,
With a heart for any fate;
Still achieving, still pursuing,
Learn to labor and to wait.

Capable Faculty Helps Trojans to Make Worthwhile Footprints

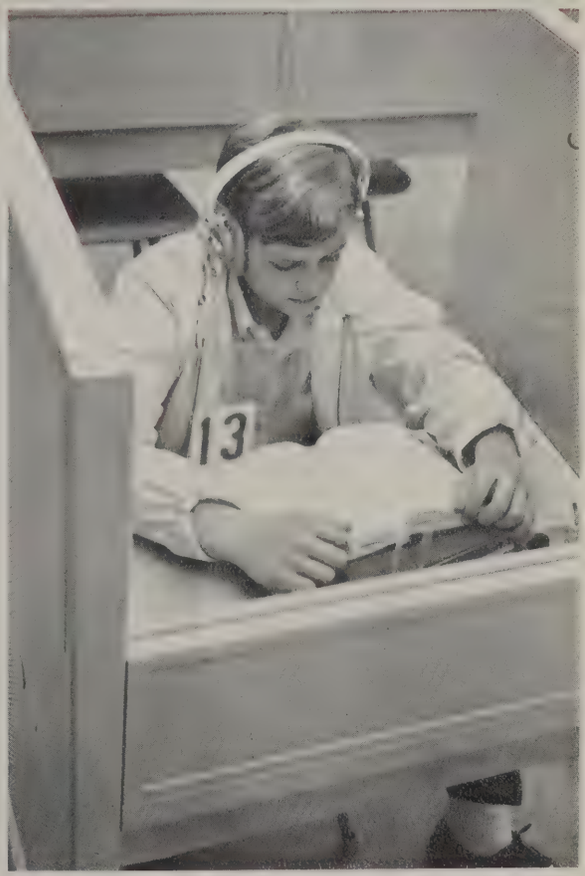

Within the next few pages we have endeavored to embrace a few memories of the faculty and different classes and curriculum offered at Tunstall. This faculty is both loved and despised but regardlessly, it tries to guide us into making worthwhile footprints that will lead us onward and that others may follow in.

Trojan Administration Exemplifies

Mr. John Robert Reece

Mr. John Robert Reece, principal, assumed the task of governing Tunstall High School for the fourth consecutive year.

At Elon College, in North Carolina, Mr. Reece majored in science and minored in physical education. He also played football at Elon for four years.

With a Bachelor of Arts degree, Mr. Reece did graduate work at the university of North Carolina at Chapel Hill where he received his Master of Education degree in Public School Administration.

Before coming to Pittsylvania County in 1955, Mr. Reece taught school in Stokes County, North Carolina and Madison, North Carolina. Since coming to Pittsylvania County, he has been assistant principal and principal at Brosville School and principal at Callands School.

You can't make anything out of anyone. But, through self-determination, there is often no limit to what anyone can make of himself.

This statement has been quoted so often. Yet, there is none which contains more truth. In high school, it is very difficult to make any student do something he is determined he will not do. This is human nature. No one likes to be forced to do something all the time. It is very important in life for an individual to set his own goals and objectives based on what he wants to accomplish—not what someone else desires him to do.

We have to be very careful, or self-determination can have a negative effect on an individual. By being determined to accomplish something because someone else does not want us to accomplish such is the wrong attitude.

We should always try to think positive in our self-determination. We should be determined in our objectives based on what we desire to accomplish for the betterment of society and mankind, not to deter or alter improvements to mankind.

I am often reminded of the "old philosopher's" connection between self-determination, hard work, and luck. He was reminded by a friend how lucky he always seemed to be. "Yes," the philosopher replied, "the harder I work, the luckier I become."

MRS. ESTHER POLLOK–graduated from U.N.C.–married and has 2 children–enjoys reading–favorite TV show–Lawrence Welk.

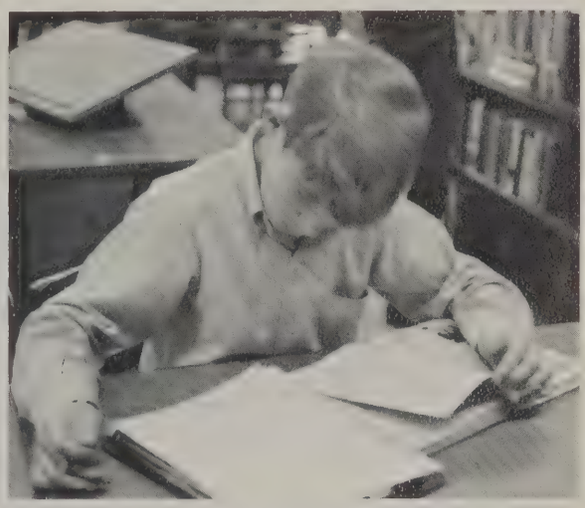

Art Instills Appreciation of Culture Into Students

The Art classes are both developmental and constructive, dealing with various fields of Art. Interest in the subject has been greatly aroused, as the size of the Art classes has almost doubled. This year Tunstall carries four classes of Art I and one large class of Art II.

Art I students are first taught all the fundamentals of art, from basic shapes and perspective, to charcoal and pastels. Then after careful practice, they apply their knowledge to still life and landscapes.

Art II students seem to be developing their art talents even further. This year they have been working with oils, on canvas and on velvet. They have experimented with modern art, pottery, and were taught linolium block printing.

Besides learning about art in the constructive manner, both classes were taught the history of art; covering prehistoric cave drawings to the abstract art of Picasso.

THE QUIET ATMOSPHERE of the library provides excellent study facilities.

WANDA DEBOE WORKS diligently to achieve perfection in her collage!

MR. CARLTON BLANKENSHIP–graduated from Bob Jones University–married and has 2 sons and a daughter–enjoys art as a hobby–favorite sport–baseball–favorite TV show--21st Century–would like to visit Italy.

Refinement Brought to Students by Study of Music and Drama

MRS. CAROLYN HARDY–graduated from Lynchburg College–likes to read plays–loves car racing–doesn't have favorite TV show–would like to visit Greece.

The Speech and Drama class tutors students in acting, public speaking, and debate. The class is instructed by Mrs. Carolyn Hardy in pronunciation of words through phonetics and in improvements of voice quality and tone. The students participate in plays for the student body and improvisations and pantomines for the class.

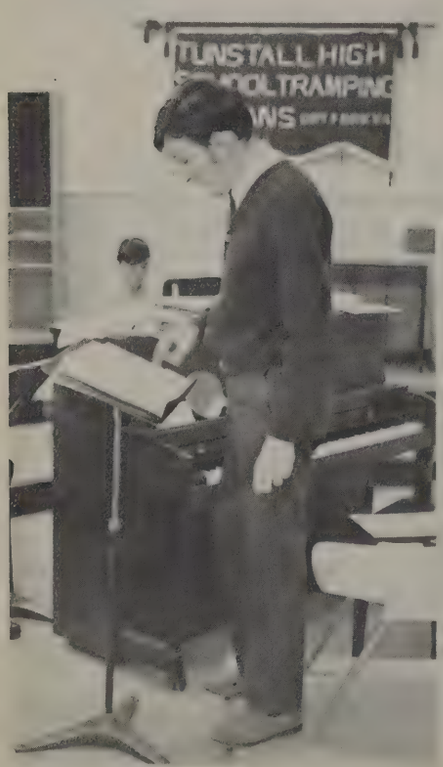

The Music Department consists of two band classes, beginner band and advanced band and three classes of glee club. Under the direction of Mr. James Preble, the band members learn about music and rhythm.

The band sold doughnuts and candy as their moneymaking projects.

RODNEY RAINES, MARTY Lewis, Vincent Bateman, Deborah Waldt, and Pam Keatts act out an improvisation during speech and drama class.

MR. JAMES PREBLE–graduated from Western New Mexico University–married and has 2 children–loves to play chess–favorite TV show–Laugh-In–would like to visit Spain.

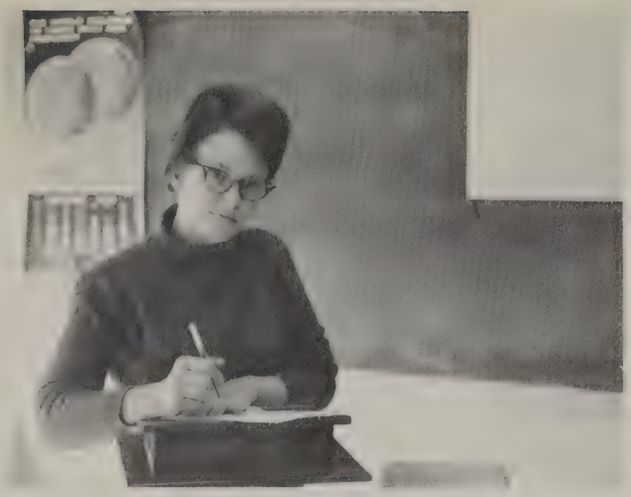

STUDENTS IN THE beginners' band class suffer through long hours of tedious practice.

MRS. PRISCILLA MERRICKS–graduated from Radford–married and has a daughter–likes to sew–and make desserts–enjoys news programs on TV–favorite sport–basketball–would like to visit England.

MR. TONY DWIGGINS–graduated from East Tennessee State–married–favorite sports–football and basketball–favorite TV show–60 Minutes–loves country cooking–would like to visit England.

Important Lessons Are Learned from the Past

Teaching students the importance of their heritage are the faculty members instructing classes of world history, world geography, civics, United States history, United States and Virginia history, and United States and Virginia government.

Delving through the leaves of the books of past ages, the history students encounter the major events of former generations and compare them to modern day time.

Government and civics students study the laws and documents by which our nation is run.

By the use of films, reports, and skits along with instruction from qualified teachers these classes have been made interesting as well as informative.

MR. TOMMY HODGES–graduated from Appalachian–married and has a son–favorite sport–football–loves to hunt and has two dogs, Buck and Speck–would like to go to Florida.

MISS ARDANE BARBOUR–graduated from Radford–has a German Shepherd dog–favorite sport–tennis–not too crazy about TV–favorite food–Devils Food Cake–would like to go to Honolulu.

Language Study Spurs Desire for Travel

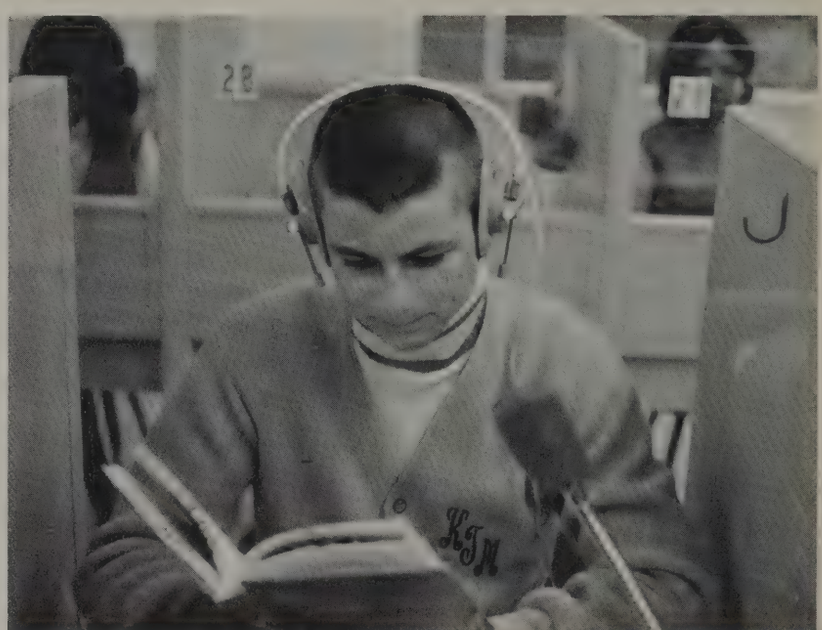

MRS. DORIS WELLS–graduated from High Point–married and has a son–doesn't care for sports–favorite TV show–High Chapparal–would like to visit France.

The Foreign Language Department offers study in Spanish and French to students interested in learning the skills of reading, writing, and pronunciation of these languages. Under the direction of Mrs. Doris Wells and Mrs. Delores Moore, the classes develop a greater appreciation of people in other countries.

Films, tapes, records, and pen pals help the students to comprehend and pronounce the language.

The goal of the department is to teach students to achieve accurate knowledge of the language for use in the future.

HERE SITS KENNY Meadors trying to figure out what the Spanish speaker is telling him.

MRS. DELORES MOORE–graduated from Radford–married–loves to hunt and work on guns and cars–favorite TV show–Judd for the Defense.

"I WONDER IF this little button is the right one," asks David Neal to himself while practicing his French.

SUSAN LAIL AND Marcia Meade try their skill at making biscuits in Home Economics class.

HERE BONNIE MILLS sits working diligently on her new spring wardrobe.

Creativity Accentuates Home Economics

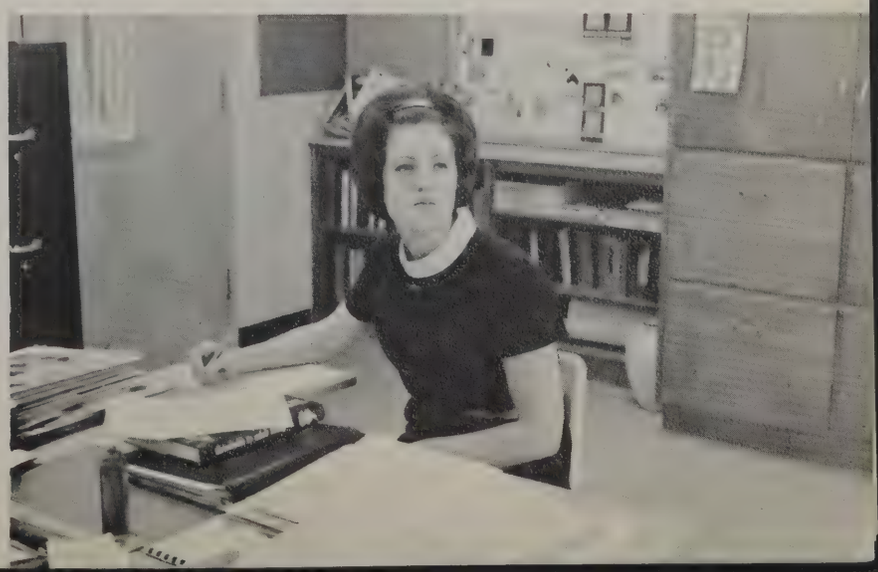

MRS. COLLIE SHOWS Gail Echols where the silver is kept.

Ummmmm! Boy, does that smell good. The Home Economics students must be in the kitchen cooking again. Not only do the students prepare meals, but are also trained in the skills that are later used in household activities.

The students study sewing in their first year of Home Economics, along with the cooking of simple foods, personal hygiene (baby, childcare, and development), home nursing, and clothing construction.

During the years of Home Economics II, III, IV, and V the planning of a wedding, the art of interior decoration, and the care of children are dealt with.

The department prepares students for responsibilities in family life and for adult life.

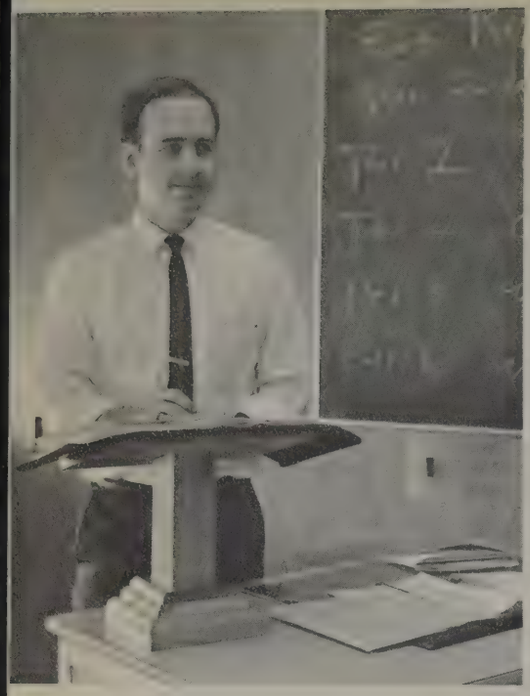

MISS BETH SALLÉ–Graduated from Longwood–enjoys sewing and football games–favorite TV show–Dean Martin–favorite food–baked Alaska–would like to visit Grand Canyon.

Language, Key to Communication Initiates Adventures into Culture

In order to be a well-rounded person, one must acquire an adequate knowledge of English and a background of the language and literature that has built our nation. A background of literature from other countries gives one an understanding of the thoughts and desires of our fore-fathers.

Through new and interesting methods, the faculty of the English department have presented their materials.

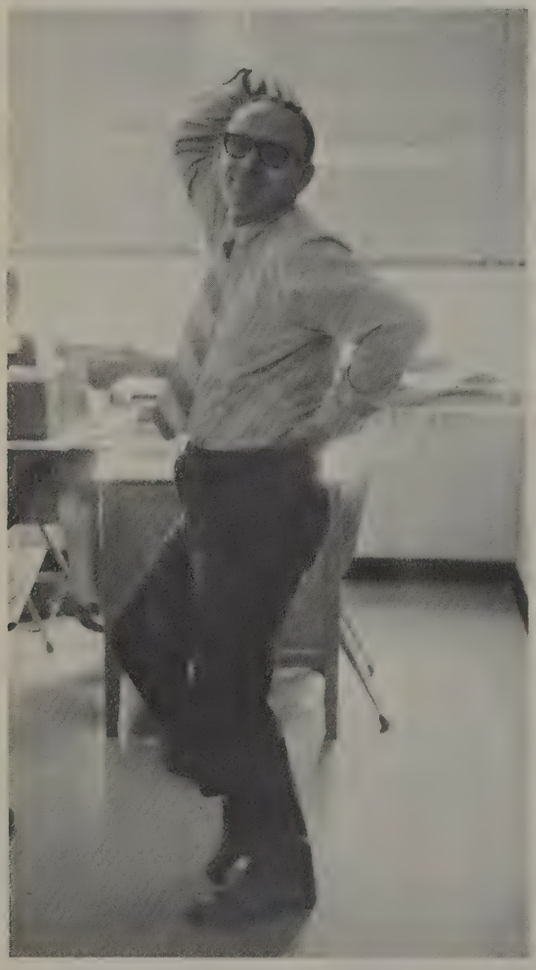

The English department offers two electives; Speech and Drama, and Journalism. These courses offer the student instruction in speaking, acting, and the mechanics of producing a newspaper.

MR. GEORGE SCHILBE–graduated from U. Va. with a M.Ed.–married–loves flying–favorite sports–crew and football–would like to visit England.

MIKE TICKLE AND LaVerne Wood act out a scene from Romeo and Juliet.

Math Courses Supply Excellent Background for College Bound Students

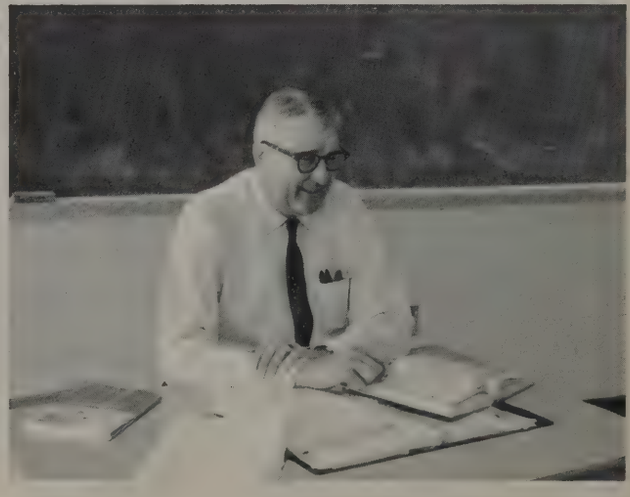

MR. KEEN HEDRICK–graduated from VPI–married and has a son and a daughter–enjoys woodworking and playing the banjo–enjoys sports as a spectator–favorite TV show–Star Trek.

The Mathematics Department of Tunstall has a challenging objective – to instruct students in the basic fundamentals of math and to apply these principles to their everyday lives and future endeavors.

For the students in vocational study, lower maths and twelfth grade math are offered.

To meet the needs of the academic students, the math program consists of algebra I, II, III, plane geometry, solid geometry, and trigonometry.

MR. WILLIAM COLES–graduated from VPI–married and has 2 children and 2 dogs–enjoys farming–favorite sports–football and basketball–favorite TV show–Mike Douglas–likes all foods–would like to go to Heaven.

DONALD HOLLEY SITS and ponders over Algebra III in hopes his ellipse won't turn out to be a circle.

MR. MIKE COWAN–graduated from VPI–not married–enjoys football and basketball–favorite TV show–Lancer–favorite food–steak and potatoes–would like to go to Hawaii.

Students Prepare to Meet Scientific World

Preparing our students for the scientific world, Tunstall's Science Department offers basic sciences in the form of life, earth, and physical sciences. For the more advanced students, there are biology, physics, and chemistry.

Life and earth science is taught to the eighth graders, where they learn the structure of the earth and the life forms that live on it.

Physical science, taught to the ninth graders, relates to them the occurrences and phenomena's of the earth.

Through actual dissection, the students taking biology learn the structure and form of the internal systems of living things.

Chemistry students experiment with the elements that compose the earth and study their properties as well as those of the compounds.

The motion of bodies, electricity, and gravitation are a few of the complex items the physics students study.

Thanks to the up-to-date science department, students taking these courses receive the excellent instruction needed for a good science background.

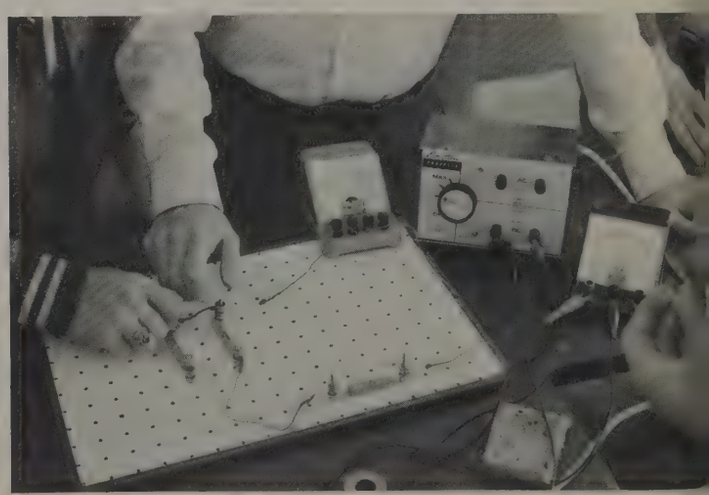

MR. ZACK BROADAWAY – graduated from Elon – married – has a dog, Belle – loves to hunt – favorite TV show – The Outcasts – favorite food – steak – would like to go to Switzerland.

MRS. JOSEPHINE HOUSE – graduated from East Carolina – married and has 5 children – enjoys ceramics – likes football and bowling – favorite food – lobster – likes variety shows on TV – would like to go to the moon.

JANE HOLLEY CURIOUSLY examines the flower model before her.

BUSY HANDS LEARN to wire intricate circuits in Physics class.

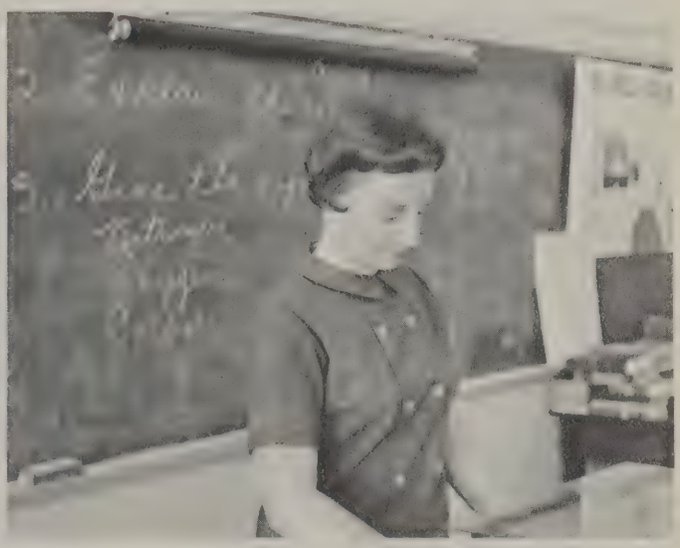

MRS. MYTLE SWAN – graduated from Radford – married and has 2 children and 2 dogs – enjoys music and camping – favorite TV show – Family Affair – would like to travel out West.

MR. MILLARD SHAW - graduated from Appalachian – married and has 3 children and a bunch of fish – enjoys gardening and karate – favorite sport – boxing – favorite TV show – Tom Jones – favorite food – fish – would like to visit Paris.

SURGICAL HANDS BEGIN dissection of tiny bird in Mr. Shaw's Biology class.

MRS. IMOGENE OSKEY – graduated from Radford – married and has 2 daughters – enjoys sewing and reading – favorite sport – football – favorite TV show – Lucy – favorite food – fried chicken – would like to go to Switzerland.

"EGGS AWAY," EXCLAIMS Mrs. House as she demonstrates her latest experiment.

NANCYE BLAIR AND Cynthia Ferrell sincerely hope their experiment is a success.

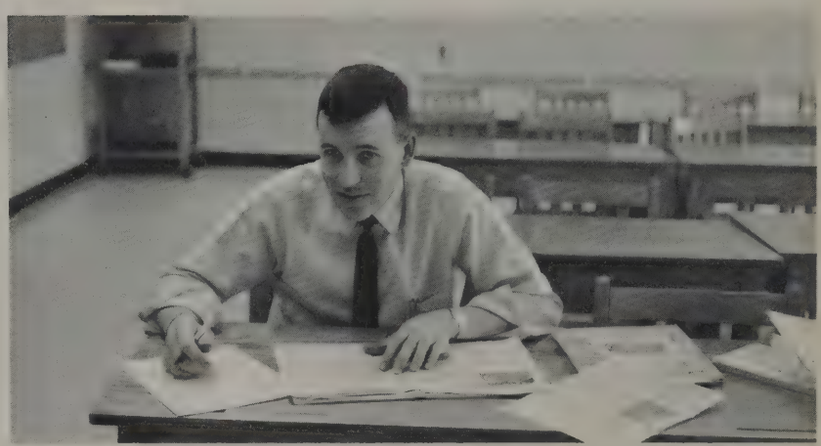

Vo-Ag Students Master Various Skills and Engage in Learning Activities

MR. JAMES BOHANNON–graduated from VPI–married and has 3 children and a dog–enjoys woodworking–likes basketball and baseball–not to crazy about TV–likes all foods–and would like to go to Germany.

Vocational Agriculture gives instruction to school students in the fields of leadership, plant science, animal science, farm mechanics and management, and farm-family living. Those students who are engaged in or preparing to engage in the industry of agriculture receive systematic instruction in agriculture and farm mechanics.

Teachers who are specially trained agricultural college graduates provide instruction. Employment of these teachers is on a 12 month basis. Designed to fit the needs of the individual student and the local community, the instructional program includes various classes for young and adult farmers as well as for high school students.

MR. JAMES THOMASSON–graduated from VPI–married–enjoys reading and sleeping–favorite TV show–Mike Douglas–favorite food–desserts of any kind–would like to tour the United States.

MR. TOM BURGESS–graduated from VPI–married and has 2 boys and 2 girls–likes all sports–favorite TV show–Mission Impossible–would like to tour the United States.

MR. BURGESS REALLY gets in there and shows his boys how to do it right!

USING PRECISION SKILLS learned in Industrial Arts class, this student begins work on a piece of furniture.

Industrial Art Students Cover Broad Area; Utilize Modern Equipment

MR. LUBY WILLIAMS–graduated from Elizabeth City State–married–owns a dog–likes basketball and football–favorite TV show–Julia–favorite food–all kinds of meats–likes to take educational trips.

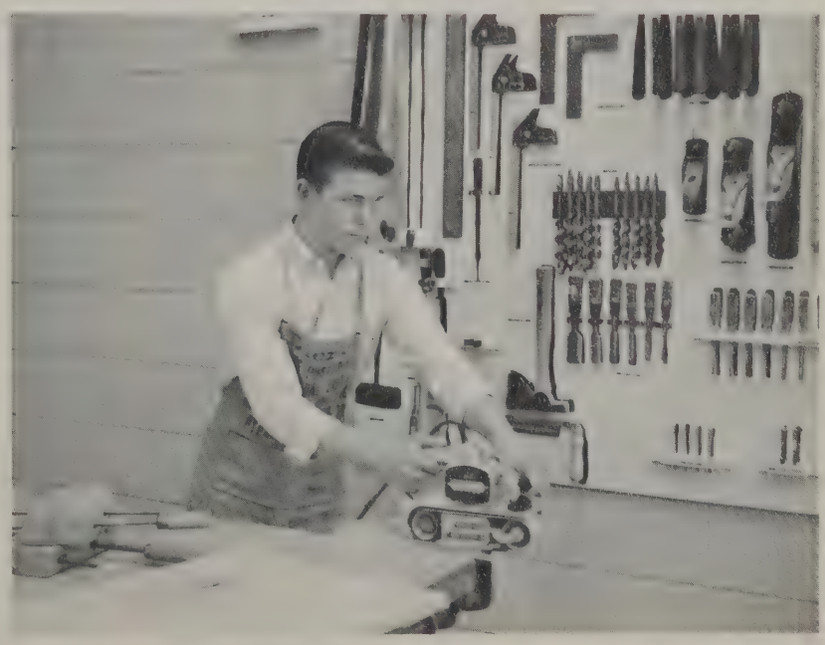

Industrial Art students cover a broad area of study consisting of such areas as mechanical drawing, wood working, and sheet metal.

First year students build projects that can be cut out and assembled with hand tools. Some of these projects are bookends and pool cue racks.

Second year students build semi-advanced projects such as what-nots, gun and spoon racks, and picture frames.

More advanced projects such as coffee tables, lamps, model car cases, lazy susans, and gun racks with drawers and doors are carried out by the third year students.

The most important emphasis is put on mechanical drawing because of its importance in life and education.

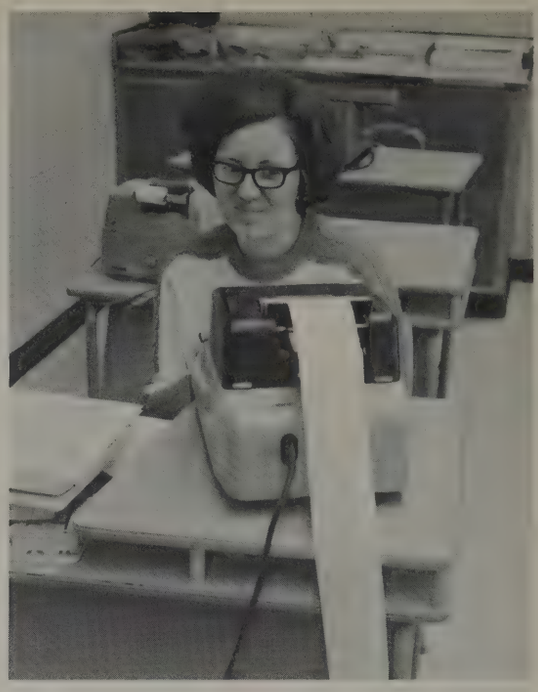

C. J. CUSTER strives to achieve perfection in the sanding of his wood.

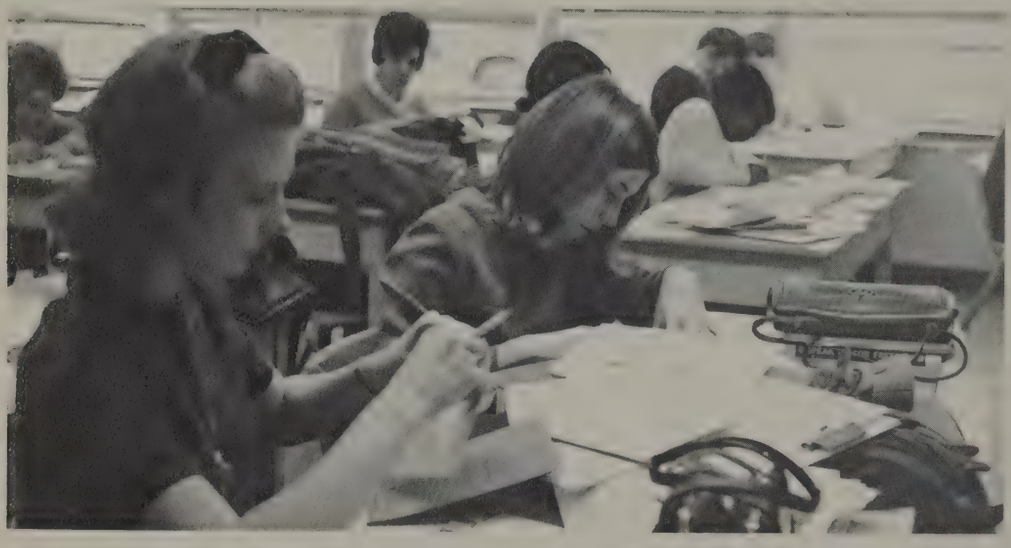

Basic Business Procedures Prepare Students to Meet Needs of Today's Business

The Business Department of Tunstall is well equipped to provide students in business knowledge and skills. Through the understanding of the basic business procedures – typewriting, bookkeeping, shorthand, and office machines – students prepare to meet the needs of community and world businesses.

The students are taught to develop orderly work habits, desirable personality traits, and proper attitudes toward work and employers. By obtaining these characteristics, the students will become successful employees and citizens.

SANDRA BATEMAN LEARNS how to operate an electric adding machine in office practice class.

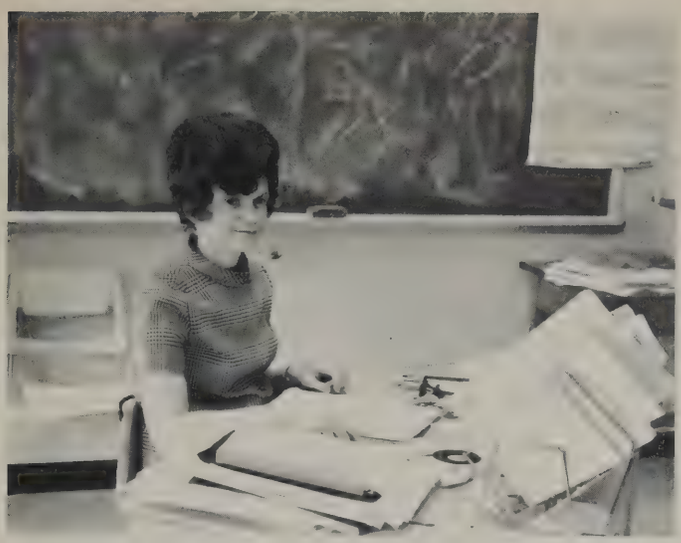

JOYCE STEGALL AND Becky Oakes really spread out and get to work in bookkeeping class.

MRS. KATHARINE CARTER–graduated from William and Mary–married and has 2 children and 2 grandchildren–likes to knit–favorite sport–tennis–likes quiz shows on TV–favorite food–fried chicken–would like to tour the United States.

MRS. NANCY COCKE–attended Averett–married and has 2 daughters–enjoys bridge and music–favorite sport–basketball–favorite TV show–Dean Martin–favorite food–ham–would like to go to Paris.

Physical Education Department Offers Health, First Aid, and Driver's Training

HOWIE MORRISON GLANCES over his report on kidney diseases one more time before turning it in.

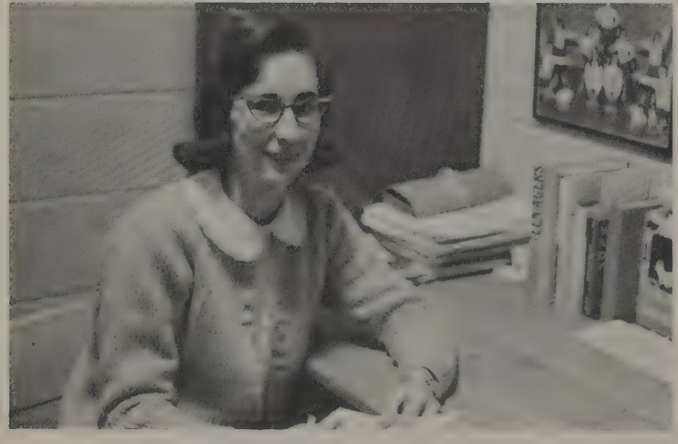

Keeping Tunstall students in top physical condition is the Physical Educational department. Through exercises, tumbling, and organized games the students are kept mentally awake and physically fit.

Physical education classes, held to the ever-growing and familiar sports of basketball, football, speedball and volleyball in the gym this year, were enthusiastically enjoyed. Along with these tennis and tumbling were also taken up.

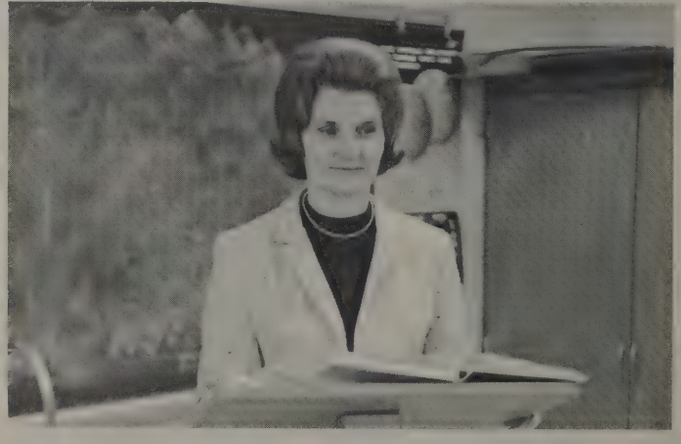

First-aid, drivers training, and health education are other important aspects of Physical Education.

"TWO HUNDRED AND one, would you believe, Miss Robertson?" asks Lois Moorefield.

MISS LURLENE ROBERTSON–graduated from Longwood–favorite sport–basketball–favorite TV show–Red Skelton–enjoys working with camp.

MRS. GLENN YATES–graduated from Radford–married and has 3 children–enjoys sewing–likes tennis and volleyball–favorite TV show–Family Affair.

Trojans Display Ambition And Enthusiasm

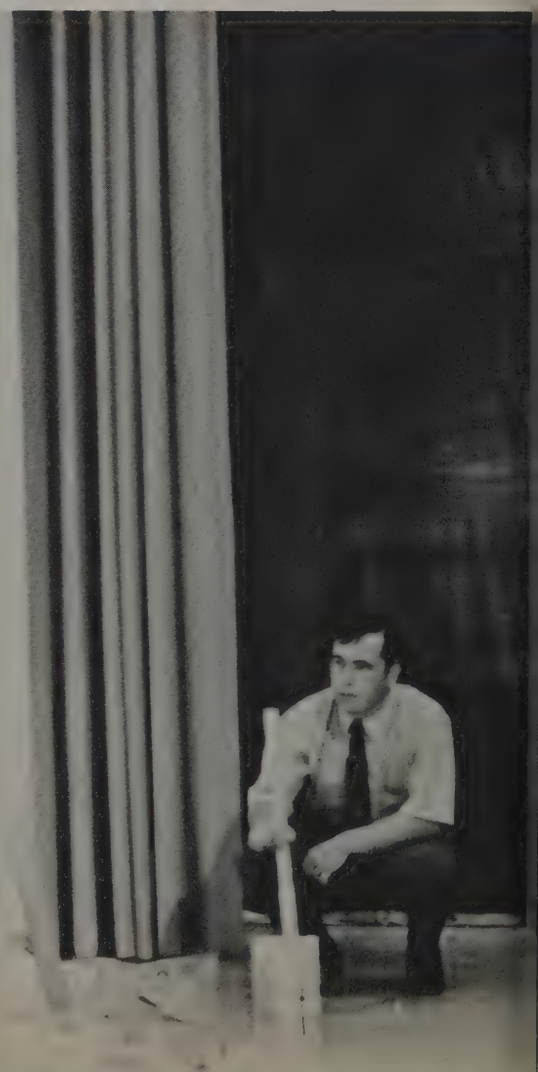

Through Participation In Varied Activities

Each student at Tunstall High School is a product of his own unique personality and each personality must expand. Outlets for this expansion are provided through the many clubs and activities offered at Tunstall.

Responsibility, creativity, leadership, and cooperation are a few of the qualities that are gained from experiences through the numerous activities. These qualities and similar ones go together to make a student a worthwhile person who can walk through life and leave a set of golden footprints in his span of time.

These activities also serve to unite the faculty and the administration with the students through goals accomplished and honors received.

S.C.A.–FIRST ROW: Mr. Keen Hedrick, Karen Wood, Kathy Daniel, George Neal, J.B. Tatum, Phyllis Bowling, Wanda Adkins, Mr. Barry Steagall. FIFTH ROW: Steve Bridges, Chip Powell, Jimmy Pollard, Mike Huffman, Gerald Hardy, Bob Yeaman, Steve Harris.

Beta And SCA Succeed In New Endeavors

Just as the Trojan Horse symbolizes the knowledge and skill of the leaders of Greece, so the Student Council Association demonstrates these same qualities by governing the student body.

The S.C.A. foreshadows a Senior Lounge for future students, a day at Saturday Session, and at Classroom Kwiz. This association has already accomplished the feat of establishing a Pep Club.

To honor students who have maintained a 3.2 or better average is the main purpose of the Beta Club. Tunstall's club feels that it may boast that its membership is composed of the finest group of students in the school.

This year's activities include holding a formal-semi-formal Christmas dance, attending the National Beta Convention, held in Richmond, and raising money by sponsoring a Beta Club Talent Show. The Beta Club also rents the stoles worn by the honor graduates at graduation.

OFFICERS OF THE S.C.A. are: George Neal, president; J.B. Tatum, vice-president; Phyllis Bowling, secretary; Wanda Adkins, treasurer; Kathy Daniel, reporter; Karen Wood, parliamentarian.

Boosting school spirit, Tunstall's own Tramping Trojan Band stepped high into the school year.

Led by five majorettes and two drum majors, they represented our school proudly at many social and school functions. Halftimes at home football games were graced by the band's excellent formations and difficult precision drills. J.V. game spirit was raised by the performance of a pep band, consisting of members from the concert band. They also paced the Danville and Chatham parades.

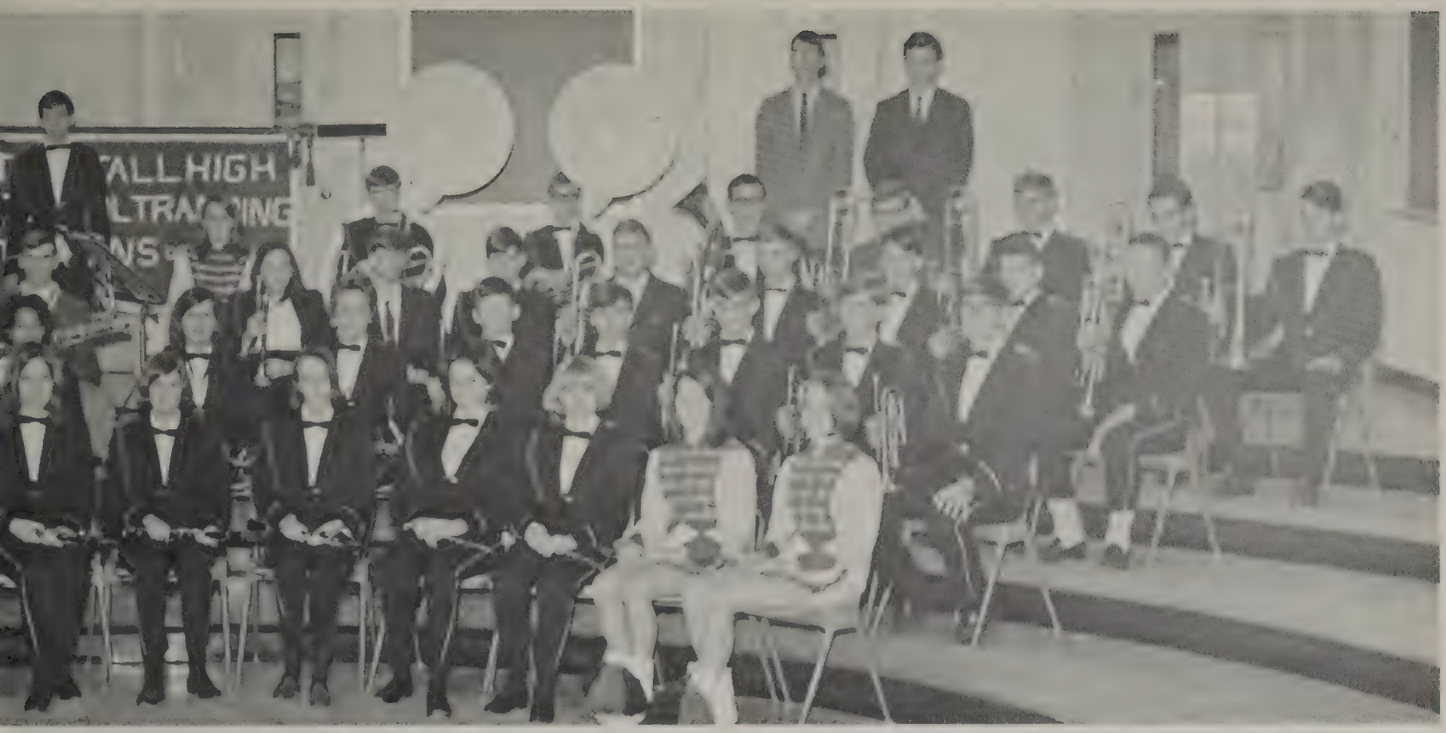

Our band made a trip to Charlottesville, November 16, to attend the University of Virginia Band Day. Here, along with 80 bands from the state, they performed a brilliant halftime show for the Governor. The auditorium rang with the sound of music as the band gave their annual Christmas and Spring concerts for the student body.

As a money-making project, the band sold doughnuts investing their money in a new Oboe and a set of Tympani. At the Vinton Dogwood Festival parade in the spring, the Tramping Trojan Band used their new instrumentation to help them receive an excellent rating, in the competition for grades.

Future Homemakers Gain Skills Through

FHA OFFICERS–FIRST ROW: Peggy Powell, historian; Janice Newton, reporter; Lynn Carter, songleader. SECOND ROW: Vickie Gerrells, secretary; Becky LaPrade, parliamentarian; Linda Pruitt, treasurer. THIRD ROW: Susan Bailey, president; Rosanne Moss, vice-president; Scarlett Camburides, historian.

The Future Homemakers of America is an integral part of the program of home economics in the schools in America. It offers opportunity for the further development of pupil initiative in planning and carrying out activities related to homemaking. The FHA increases opportunities for the development of leadership and intelligent participation so much needed in a democratic society.

As money-making projects the Tunstall chapter sold knives, cookbooks, stationery, recipe cards, and sponsored a spring fashion show.

In September, the FHA honored the teachers and office staff with a "get-acquainted again" buffet luncheon.

Fair Week came as no surprise to the Tunstall FHA. Vivacious future homemakers had been working all summer on projects which they hoped would win deserving ribbons at the annual event.

As a Thanksgiving Project, the FHA visited the County Consolidated Home in Chatham to interpret the real meaning of Thanksgiving. Gifts and a music program enlightened the lives of 70 attentive residents. The spirit of Christmas filled the halls as the chapter sponsored their annual door and bulletin board contest.

Each month a deserving girl was named FHA'er of the month.

Varied Activities and Actual Experiences

FHA'ERS WAIT EXPECTANTLY as they take a dish from the oven.

MRS. COLLIE INSTRUCTS Kay Denny and Roxanne Adkins how to set a table properly.

SUSAN BAILEY AND Linda Pruitt chat with the FHA's guest speaker.

DONALD HOLLEY AND J. B. Tatum are on the air doing a radio show for the F.F.A.

Following in the footsteps of former members, the 1969 F.F.A.'ers with the largest membership in the history of the school, have reached out to win many state and national honors. For the second consecutive year the chapter was awarded the national Silver Emblem Award in safety at the October National F.F.A. Convention in Kansas City. One, out of the six members to attend, was selected to play in the National F.F.A. Band.

Three chapter members were selected as winners in the state foundation awards. Placing as area winners were two chapter members. Receiving the State Farmer Degree were five members, and one member received the American Farmer Degree. The state F.F.A. chose as their president one of Tunstall's members. The Virginia Rural Safety Council recognized the chapter for its outstanding safety program this, the fifth consecutive year.

The spring activities include a Parent-Son banquet and a trip to the Tech Festival at VPI.

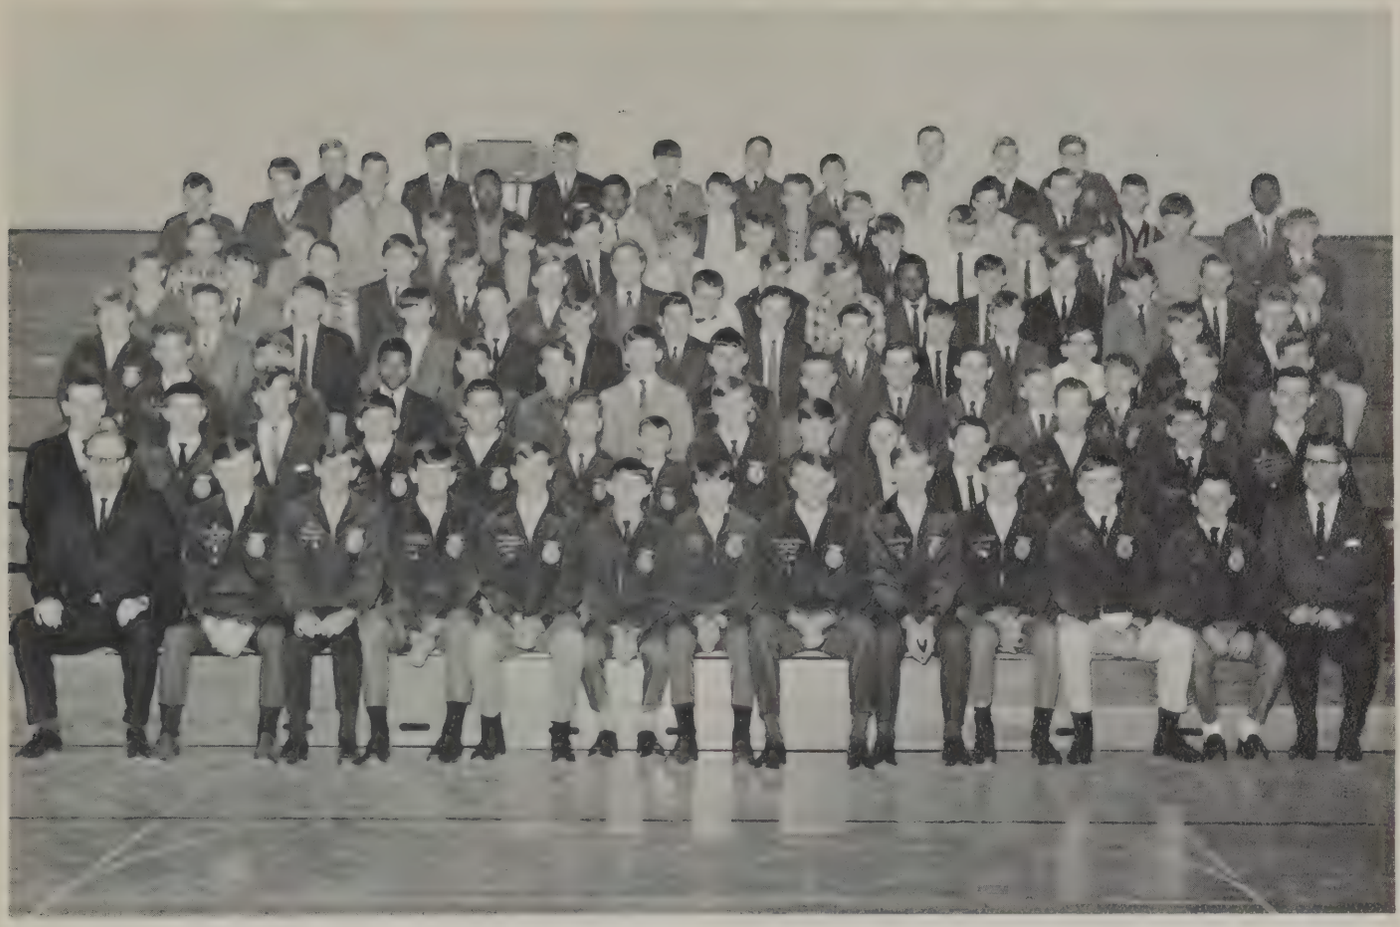

Twenty Chapter members attended the State F.F.A. Conventions at Virginia Tech.

The chapter prepared and presented over a 100 radio programs and a television program.

MR. PREBLE SMILES to keep from crying as his Glee Club makes another mistake.

The 1968-69 Tunstall Glee Club, directed by Mr. James Preble, consisted of 148 pupils who were divided into three classes to form a well-balanced group. From this group an audition was taken to select the best possible sounding combination of tones of the soprano, alto, tenor, and bass sections. This group numbered about fifty students and was named the "Tunstall A Capella Choir".

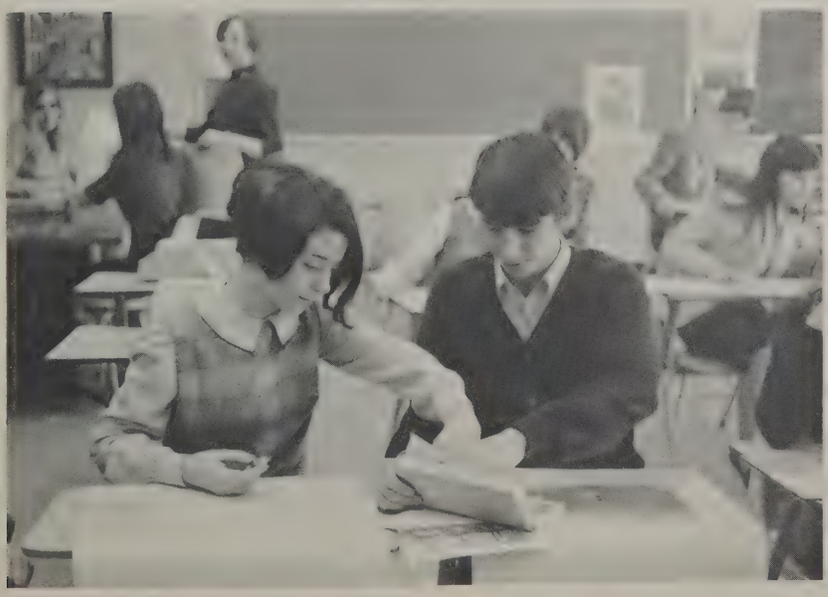

The choir performed in the Senior Ring Assembly, Thanksgiving Assembly, Christmas Concert, Chatham Educational and Cultural Center Concerts, Spring Concert and various other programs.

Selected members of the Choir were honored by being chosen to perform in the All-County Choir and other honorary performing groups.

Art Club Adds Culture To Tunstall's Halls

EDLEY ANN MOBLEY and Mike Stephens work on pastels in art class.

As the amateur artists of Tunstall High School grow in number, the Art Club engages in more activities. This year the club has made plans to buy a drying cabinet for future artists. It has been suggested that they buy a subscription to an art magazine for their classroom.

This year many of the students have displayed their work in various showcases throughout the school. They have also taken part in helping with bulletin boards, the Miss Tunstall Pageant, and making posters for different activities. During the month of December, the club members went to Chatham, Virginia to see a display of Japanese art.

All of this just goes to show that the Art Club of Tunstall looks very promising.

DUE TO THE unusual size of this group, the annual staff did not attempt to identify them!

Pep Club Cheers with Spirit for Monogram Club

OFFICERS OF THE Pep Club are: Kenny Meadors, treasurer; Phyllis Bowling, vice-president; Vickie Shelton, president; Donna Snead, secretary.

Boosting school spirit at Tunstall is the Pep Club. This newly organized club is sponsored by Mr. Jackie Hardy and Mr. Barry Steagall. The Pep Club boasts approximately 270 members making it Tunstall's largest club. Thanks to the Pep Club, student buses were taken to many football and basketball games.

In the way of money-making the Pep Club embarked upon selling season tickets to the basketball games and charging 25¢ admission.

The Monogram Club consists of those athletically inclined Trojans who have lettered in football, basketball, baseball, track, and cheerleading.

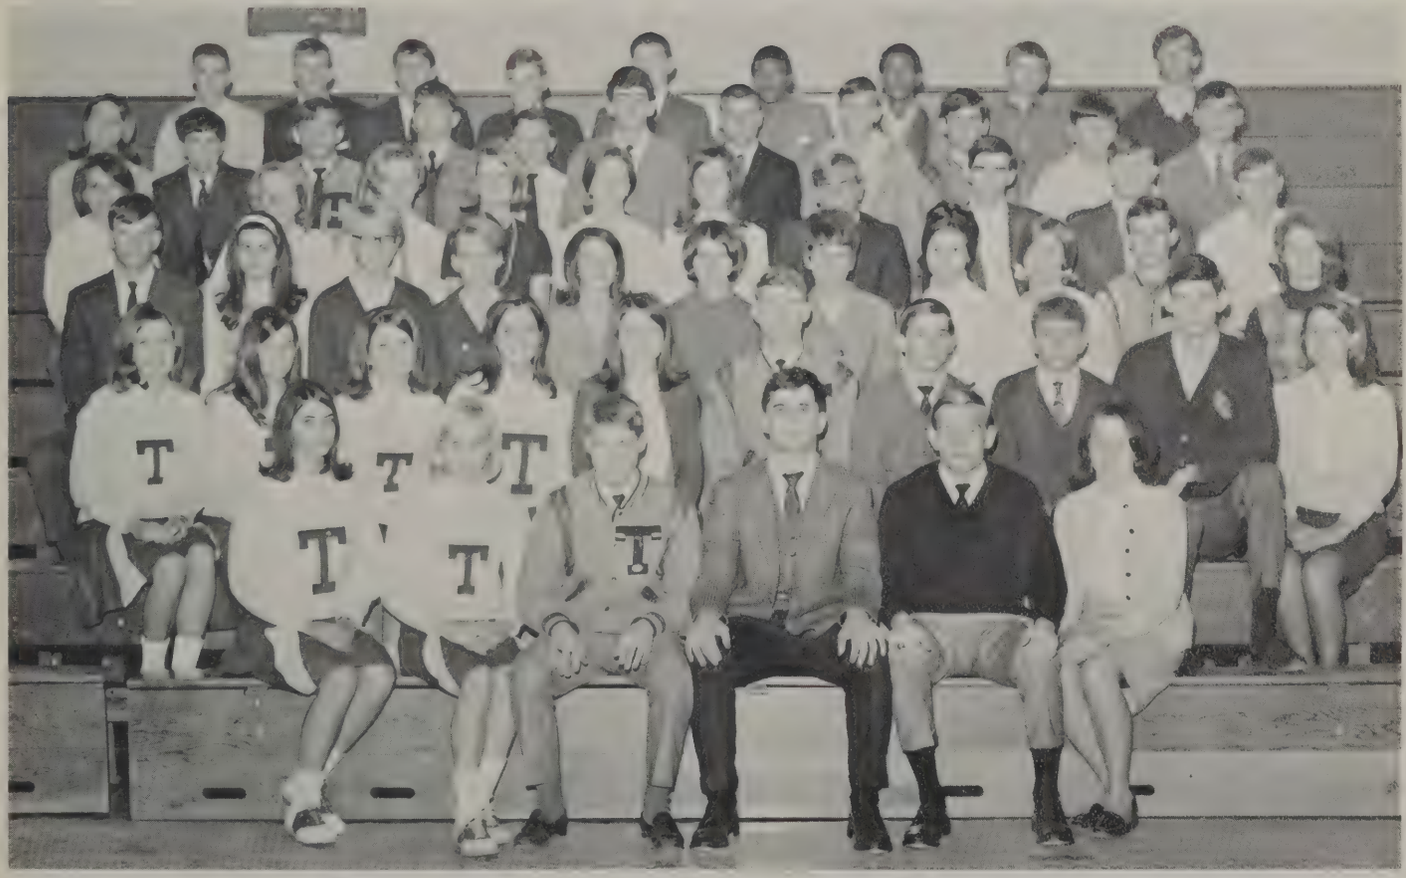

Each year the club holds their annual initiation. Thirty members were inducted and are now the proud wearers of their scarlet and silver T. They also held their annual banquet in the Spring where letters and special awards were presented.

AND THERE GOES another one of the Monogram Club members, Sam Shields. (You can always spot them by their letter jackets.)

MILTON DODD HELPS to boost school spirit by investing his money in a season ticket to the basketball games, sold to him by Billy Byrd and Kenny Meadors.

MONOGRAM CLUB–FIRST ROW: Edith McElheney, Donna Snead, Rodney Raines, George Lewis, Ricky Mann, Janice Nowlin. SECOND ROW: Becky Oakes, Karen Wood, Lucy Brumfield, Vickie Shelton, Ruth Scarce, Sammy Shields, Dwayne Hardy, Pete Jones, Gary Richardson, Marsha Altice. SIXTH ROW: Mike Dalton, Mike Gauldin, Keith Cousins, Gordon Ragsdale, Marcia Hardy, Dianne Durham, Betty Jones, Phyllis Jones, Pat White, Janice Bailey, Pat Moore.

Experiencing the language and customs of the Spanish speaking countries are the students in the Spanish Club. The main purpose of the club is to make this study more interesting and enjoyable.

Among the activities undertaken by the Spanish Club, caroling the halls at Christmas was the most exciting since it had never been done before.

Since 1964, the club has grown considerably. This year proves to be the largest yet with 43 members, who have either taken Spanish in the past or are taking it this year.

Serving as officers this year are Sammy Shields, president; Virgil Clay, vice-president; Janice Nowlin, secretary; Donald Merricks, treasurer; Cindy Stowe, reporter.

SAMMY SHIELDS MAKES a poster advertising how cheaply you may mail Christmas Cards through the Spanish Club.

And Satisfied Through Language Courses

JUDY ELLIOTT, EDNA Ogle, and Patti Cassida just finished putting the final touches on the French hat they made for the showcase.

To be a member of the French Club, a student must be taking French or have had the course and possess a C average or better. Officers are Janet Edwards, president; Susan Hyler, vice-president; Patti Cassida, secretary; and Carter Coleman, treasurer.

It isn't unusual to hear such phrases as 'Parlez-vous Francais' during the meetings, because the club endeavors to entangle the French language with English, until the English becomes engulfed by French.

Members of the club fashioned hats after the traditional style of the provinces that participate in the Mardi Gras.

FRENCH CLUB – FIRST ROW: Janet Teague, Leslie Winn, Donna Reynolds, Carter Coleman, David Payne, Susan Hyler, Janet Edwards, Mrs. Doris Wells. Juniors and Seniors Entertain Students With Comic Plays

The Junior Class presented "A Visit to a Small Planet". Here is a summary of the plot. The home of Roger and Reba Spelding is visited by a creature from outer space. Kreaton is a likable person who thinks he is arriving during the Civil War. Not to be discouraged by the 100 year mistake in time, he immediately sets out to start a war of his own. He shows his mental powers with a few tricks and then sets out to persuade Conrad, the young Spelding girl's boyfriend, he should join the army and fight. Conrad's girlfriend is the heroine when she calls in someone from Kreaton's planet to stop his plans. She does this by a method of concentration taught her by Kreaton himself.

What would you do if suddenly your whole house and life had been disrupted by a stranger, who accidentally fell on your doorstep, breaking his hip, and took over the household? Well, poor Mr. and Mrs. Stanley didn't know what to do. They had to put up with the arrogant, self-centered Whitesides because they felt responsible for him. How could they know that he was just faking a broken hip, being the trusting people they were. What a topsy turvy world it turned into just because of the "Man Who Came to Dinner." This play was given by the senior class.

Library Club Members Perform Many Tasks For Librarians;

Business Club Provides Outlet For Commercial Interests.

Checking books in and out, straightening shelves and making bookcovers are a few of the jobs of the members of the Library Club.

These members maintain the order required of a library, and also try to keep an adequate number of books on hand for all students.

The Library Club has a District meeting twice a year and Tunstall tries to be present.

Students taking a business curriculum at Tunstall are eligible for membership in the Business Club. This club supplements the Business department by helping students better comprehend the world of business and the opportunities that it holds for them and by helping the students to develop the characteristics of leadership.

Quill and Scroll Rewards Work On Publications

The QUILL AND SCROLL, whose purpose is to encourage and reward individual achievement in journalism, was first founded at the University of Iowa in 1926 by Dr. George H. Gallup.

The QUILL AND SCROLL is composed of juniors and seniors whose scholastic average ranks in the upper third of their class. These students are eligible for membership if they have contributed work or shown interest in the newspaper or yearbook. The advisors must recommend and approve all nominated students. It is considered an honor and a reward for journalistic achievement to be a member of the QUILL AND SCROLL.

QUILL AND SCROLL – FIRST ROW: Joanna Bowman, Suzanne Payne. SECOND ROW: Becky Dodd, Joyce Stegall, Judy Dalton. THIRD ROW: Carolyn Carper, George Neal, Charlie Crowder, Wanda Adkins.

Audio-Visual Club Trains Operators To Assist Faculty

Performing their various duties as officers in the AUDIO-VISUAL CLUB are Gary Richardson, president; Gary Green, vice president; and Billy Byrd, secretary. The purpose of this club is to operate and take care of the school's audio-visual equipment, thereby assisting teachers in the use of audio-visual materials and relieving them of the fuss and bother of showing films. The club also helps to protect the equipment by proper storage and handling.

Any boy with a "C" average and no unsatisfactory conduct grades is eligible for participation in the club.

AUDIO-VISUAL CLUB – FIRST ROW: Mr. George Schilbe, Lee Dalton, Gary Richardson. SECOND ROW: Billy Byrd, Howie Morrison. THIRD ROW: Gordon Ragsdale, Steve Koger, Landon Grogan, Randy Raines. Top Quality Paper Produced by Staff of Dodd and Bowman

The 1968-69 Trojan staff joined together to produce a top quality paper that was jam-packed with news items of interest to students and faculty

Led by Becky Dodd and Joanna Bowman, co-editors, the staff spent many hours tracking down news stories and ferreting out details. And that was only the beginning of the work involved. The stories had to be typed, pictures taken and cropped, and the lay-outs made. But eight times a year, the results of their efforts were presented to the students in the form of an excellent school paper.

Assisting the editors and learning the fundamentals of a paper were Sammy Daniel, assistant editor; and Dottie Dodd, feature editor.

Special recognition and thanks go to the Trojan staff sponsor, Miss Kathleen Atkins. Without her assistance and guidance, the paper would not have been possible.

CIRCULATION

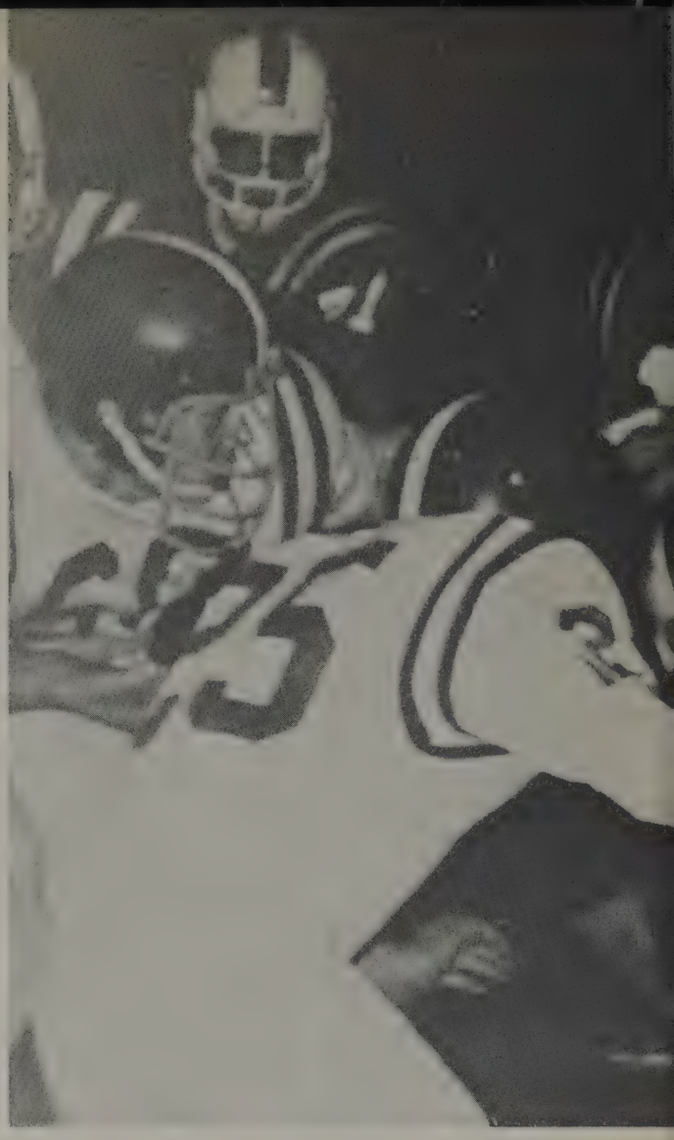

Due to efforts of the hard-working Iliad staff, Tunstall has an annual it can be proud of. Typing, writing copy, taking pictures, and working on lay-outs are a few of the jobs it takes to publish an annual.

Under the diligent leadership of Suzanne Payne, editor; assisted by Janet Elliott, assistant editor; the copyists, typists, photographers, and proofreaders were able to work as a team supplying the necessary paraphernalia needed for an annual.

Keeping the monetary unit in order are Wanda Adkins, business manager; and Susan Bailey, Leslie Winn, and Sandra White, assistant business managers; Circulation manager, Joyce Stegall; and assistant circulation manager, Lucy Brumfield, are in charge of selling and distributing the annuals.

Giving freely of her time and effort, the Iliad staff's sponsor, Mrs. Katharine Carter, helped the staff in every way to produce a fine yearbook.

Timeless Impressions Are Created

Athletics are intricately woven into the students themselves as well as the school system.

Tunstall is fortunate to have many students with strong bodies and determined spirits, who devote themselves to athletics wholeheartedly, striving to bring victory to our school.

Our athletes win much recognition and many honors and suffer great defeats. From all of this, they learn to be better persons. They learn to accept honors unassumingly and defeat graciously.

The records our athletes compile will be studied by the athletes of future years, who will be grateful that they have a set of golden footprints to follow in, footprints made by honest toil and determination.

Sweat rolled and dirt flew as the gridiron of Tunstall bit the dust during daily practices and their games.

Under the direction of Coach Tommy Hodges and Assist. Coach Zack Broadaway, the team grinded through the season showing definite improvements in various areas.

Many valuable players will be lost due to graduation, but with the remaining varsity players and the junior varsity moving up, next year may bring the winning season.

J.V. CHEERLEADERS–Patti Cassida, Roxanne Adkins, Leslie McMinnis, Phyllis Jones, Kay Denny, Rhonda Bliss, Terri Wann, Fran Curtis. KNEELING: Pat Moore and Peggy Powell, co-captains.

New to Tunstall this year were the J.V. Cheerleaders who did much to encourage the J.V. football players toward victory. These enthusiastic students helped to boost school spirit throughout the football season.

Although the football players' victories were few, it is evident that the varsity will receive some fine boys from this J.V. Team.

1968-69 BASKETBALL CHEERLEADERS–FIRST ROW (Standing): Pat White, Donna Peters, Debbie Holley, Janet Edwards, Kathy Daniels, Judy Williams. SECOND ROW: Edley Mobley, Marsha Altice Co-Captain, Judy Thompson. THIRD ROW: Ruth Scarce, Co-Captain.

"COME ON TEAM!" yell the cheerleaders, "Tunstall's got the power!"

Spirit was wrought out of the crowd by the gay captive liveliness of the cheerleading squads.

Working together, the girls proved to be an effective factor in cheering the boys on to victory.

Both the football and basketball squads were clad in new uniforms this year. Also, a new addition to the basketball cheerleader were the pom-pons.

The students were encouraged, as well as the teams, by the leadership of the cheerleaders at pep rallies, the making of posters before the games, and conducting festive barnfires.

The squads, coupled with the abundant students' spirit, made for high spirited and winning seasons.

COACH THOMAS REALLY puts his heart in his coaching as he screams, Spread out, you dumbheads!

Team Work Brings Numerous Victories To Mighty Trojans

Compiling an overall 10-8 record, the Trojan team was highly successful despite the loss of several players. Sammy Shields, a senior who was one of our most valuable players, was lost early in the season due to an ankle injury. Three other players were lost for various reasons, but spirit and cooperation pulled the team through.

Hours of practice brought the techniques of steady rebounding and smooth ball handling to a near perfection, and what the team lacked in height was supplied by high jumping.

Only three seniors will be lost, Jimmy Dodd, Sammy Shields, and George Lewis.

THIRD ROW: Coach Jackie Hardy, Melvin Holley, Earl Moss, Mike Wilson, Steve Dishman, Curtis Shelton, Donnie Daniels, manager.

The Junior Varsity basketball team ended its season with 8 wins against 5 defeats.

The boys under the direction of Coach Jack Bryant gained experience in team play as well as in the fundamentals of basketball.

For the first time in its history, Tunstall had an eighth grade basketball team. They finished their season with a 2-4 over-all record. These boys were coached by Mr. Jackie Hardy.

The eighth grade team will prove to be very valuable in coming years for the younger boys will gain an unlimited amount of experience and know-how in playing basketball. They also learn that by working together and through team sportsmanship they can have a winning season.

NANCYE BLAIR GOES in for a lay up against Chatham's weak defense.

JO ANN HORTON CAUTIOUSLY guards the opposing forward.

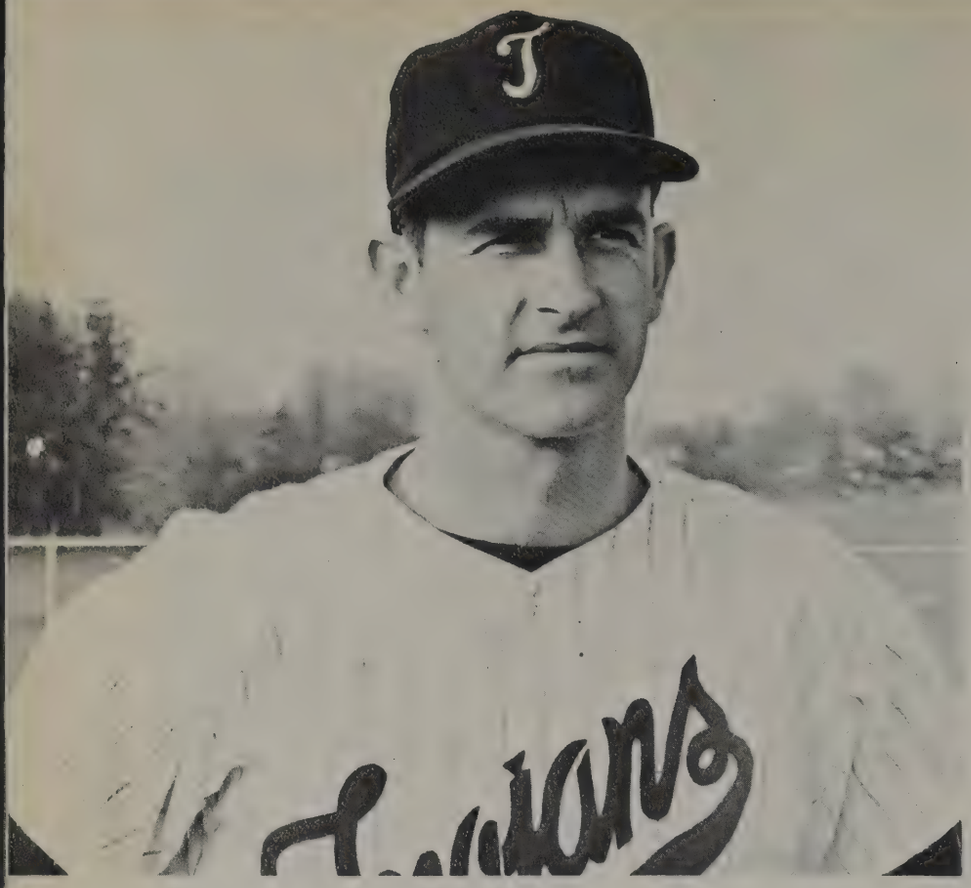

PHYLLIS BOWLING SHOOTS high for an easy two points.

Playing an active role in Tunstall's athletic program were the Trojanettes. Through brilliant maneuver of blocking, guarding, passing, dribbling, and shooting gained from hours of earnest practice, our girls' basketball team won several games. Capturing the honor of high scorer for the Trojanettes was Phyllis Bowling, a junior and co-captain of the team. She also racked up the highest percentage of free throws during the season. Junior Nancye Blair ranked second in total points scored during the season.

The first string players on the team were guards: Cindy Stowe, Janice Nowlin, and Alice Dodd; forwards: Nancye Blair, Phyllis Bowling, and Joyce Stegall. Of all the girls on the team only two were seniors, Janice Nowlin and Joyce Stegall.

According to Coach Lurlene Robertson the girls played hard but she speculates a better team next year.

Coach Jack Bryant

The 1968 Tunstall Baseball Team, wound up the season with a 7-8 over-all record. The team placed third in the district. Coach Bryant considered hitting as the main weakness and the defensive play as the strong point of the team.

Jesse Smith served as captain of the team.

Coach Zack Broadaway

Tunstall's track scoreboard has shown great improvements, since the school was first organized five years ago. The remarkable feats from the time-kindle runners, hurdlers, and jumpers boosted a record-breaking season.

Under the supervision of Coach Zack Broadaway, daily practice sessions were held to keep the Trojans in shape for the track season. From the honors obtained, it seems that the "practice makes perfect" statement came true for the mighty Trojans boys.

This year's honored track stars and their record-breaking fetes were:

High Jump–Pete Jones and Melvin Hairston–5 ft. 3 in.
Broad Jump–Pete Jones–20 ft. 1¾ in.
Discus–Burton Phelps–118 ft.
100 Yard Dash–Pete Jones–10.3 sec.
220 Yard Dash–Pete Jones–21.3 sec.
440 Yard Dash–Melvin Hairston–50.1 sec.
Low Hurdles–Pete Jones–21.0 sec.
Mile Relay–Melvin Hairston and Pete Jones–3 min. 47 sec.
880 Relay–Pete Jones and Melvin Hairston,
Sammy Edwards and Allen Wagner–1 min. 47 sec.

This year, also Pete Jones, Melvin Hairston, Swann Fitzgerald, and Sammy Edwards were privileged to participate in the District Indoor Track Meet at Lexington, Virginia. The four Trojans won honors in the 600 Yard Dash, 60 Yard Dash, and the Mile Relay.

Various Accomplishments Rewarded

Each day of our lives, we accomplish something. Often times it is a minute accomplishment but every now and then we will accomplish something that is really worthwhile, something that will make our footprints golden in the sands of time.

It is essential to recognize these achievements and give credit where credit is due. In the following section of this book, we have strived to memorialize the greatest achievements of Tunstall's students during the 1968-69 school year.

The 1968-69 Senior Class boasts 18 honor graduates out of a class of 146 members.

These students maintained the necessary honor average established by Pittsylvania County. This average is compiled during the five years of the school career.

The county does not publish the actual average of an individual student; therefore, the honor graduates are listed in the ILIAD in alphabetical order and not in order of rank in class.

Victorious Football Game Highlighted by Crowning of Homecoming Queen

Halftime activities at the victorious game against Chatham Cavaliers were highlighted by the crowning of Tunstall's Homecoming Queen V.

The varsity football squad nominated two girls from classes 8-11 for attendants and two girls from the senior class for queen and maid of honor. Each class voted on their attendant and the whole student body voted for the queen.

Lee Allen, daughter of Mr. and Mrs. Thomas Allen of 460 Old Mayfield Road, was crowned queen.

Patricia Davis, daughter of Mr. and Mrs. L. V. Davis of Avalon Drive was maid of honor.

Junior Class Attendant was Edith McElheney, daughter of Mr. and Mrs. O. D. McElheney 190 Blair Loop Rd.

The sophomore class was represented by Lois Moorefield of 1601 Westover Drive.

Bonnie Burnette, daughter of Mr. and Mrs. A. D. Burnette of 3376 Westover Drive, represented the freshman class.

Myrna Gibson, daughter of Mr. and Mrs. I. W. Gibson, Route 1, Box 305 was attendant for sub-freshman class.

Janice Nowlin
Miss Yearbook
1968-69

Janice Nowlin and Wayne Webb, a senior couple, captured the title of Mr. and Miss Yearbook for the 1968-69 school year.

Each class selected a couple to compete for the title. A subscription for the Iliad enabled students to vote for their favorite candidates.

Janice is the daughter of Mr. and Mrs. Jack Nowlin of Ingram Road. Janice has been very active in school activities and plans to attend Danville Beauty Academy after graduation.

Wayne is the son of Mr. and Mrs. Coy Webb of Church Ave. After graduation, he plans to attend Danville Community College to prepare for a course in veterinary medicine.

Altice, a Petite Junior, Captures Crown

On November 16, 1968, Marsha Lee Altice began her reign as Miss Tunstall V.

Marsha captured the title effortlessly with her poise, grace, and superb dancing ability.

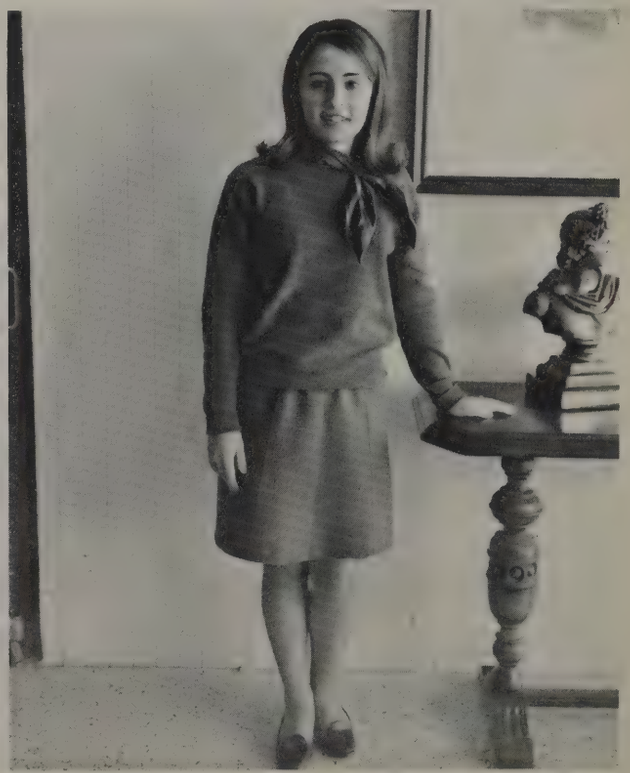

Marsha resides with her mother, Mrs Nancy Altice, on the Franklin Turnpike.

Edith Lee McElheney received the honor of first runner-up. The petite junior performed a modern jazz dance as her talent. Edith is the daughter of Mr. and Mrs. O. D. McElheney of Blair Loop Road.

Second runner-up was Donna Snead. The blonde junior also performed a modern jazz dance. Donna is the daughter of Mr. and Mrs. Carrol Snead of Danville.

The title of Miss Congeniality went to a bouncy brunette senior, Vickie Shelton. She is the daughter of Mr. and Mrs. W. D. Shelton of Charlotte Avenue.

Tunstall Brass Wins Two First Places In Beta Talent Shows

The annual Beta Talent Show took place on March 21. Musical talents seemed to be "the going thing."

A group of Beta members, The Tunstall Brass, received first place honors for their interpretation of songs by the Tijuana Brass. These boys: Sammy Shields, J. B. Tatum, Ronald Merricks, and Donald Merricks, also won first place and a trophy in a talent show at the State Beta Convention in Richmond.

Becky LaPrade seized second place with her pantomime to Ahab the Arab.

Janet Teague was awarded third place for her performance. She sang and played the guitar to "Crying in Daddy's Arms". The song was one of her own composition.

Beta Club Sponsors First Snowball Queen And Christmas Dance

The Beta Club burst forth with new ideas to bring more enjoyment to the students during the Christmas holidays. In addition to the first Christmas dance the club also sponsored Tunstall's first Snowball Queen and her court. The girls from the senior class were chosen by the Beta Club to run for the title. The students voted in their choice by paying a dime for each vote or either having bought a ticket, they could cast their vote free of charge.

The exciting moment came midway during the dance when the crowning took place. Presently Carolyn Carper reigns as Snowball Queen I. She is the daughter of Mr. and Mrs. Joseph W. Carper of Danville, Virginia. Her two attendants were Karen Wood, the daughter of Mr. and Mrs. K. A. Wood and Sandra White, daughter of Mr. and Mrs. Irving White all of Danville.

Future Homemakers and Farmers Receive

Miss Kay Richardson has won Tunstall's "Betty Crocker Homemaker of Tomorrow" Award. This honor is annually presented to the senior who attains the highest score on a competitive examination and essay.

Kay has been selected as one of the ten semifinalists for the state of Virginia. This achievement makes her eligible for state and national scholarships.

Kay is the daughter of Mr. and Mrs. J. Coy Richardson of Westover Drive. She plans to attend Madison College and major in library science.

STATE FARMER DEGREE RECIPIENTS – Ralph Jones, George Pollok, Cecil Wallace

The State Farmer Degree is received by two per cent of all students enrolled in Vocational Agriculture. It is based on leadership activities, scholastic achievement, and supervised farming programs.

Donald Holley, senior, has been chosen as this year's recipient of FFA Star Chapter Farmer Award. This award is given to the FFA member who has exhibited the most qualities of leadership and who has the most outstanding supervised framing program. Donald is the son of Mr. and Mrs. Posey Holley and resides at Route 1, Dry Fork.

First year vocational agriculture student, David Jones, has received the Star Chapter Green Hand Award. An outstanding farming program and qualities of leadership are required qualifications. David is the son of Mr. and Mrs. Bernard Jones.

Carolyn Carper
DAR Award Winner

Each year, three girls are nominated by the senior class by secret ballot, with the final selection up to the faculty, to represent Tunstall as the Good Citizen of the Year. This year, Carolyn Carper was selected to represent the school in the competition.

The qualifications for nomination are dependability, service, co-operation, leadership, personality, and patriotism to family, school, church, and community.

The recipients are given a test on past history and current events. These tests, along with other information, are sent to Lynchburg to be entered into state competition. A scholarship is later awarded to the girl most deserving in the surrounding communities.

Carolyn is the daughter of Mr. and Mrs. J. W. Carper of Danville. She plans to attend Averett College.

Students Express Interest in Varied Activities

Three students–Carol Horton, Pete Lovell, and Charlie Crowder–presented a one-act play at Dan River High School. The play "The Dirty Old Man," was written by John Carlino and directed by Mrs. Carolyn Hardy.

The play takes place on a deserted coast in northern California. An old man enters and admires the sunset. He has a notebook in which he writes thoughts as they enter his head. The old man leaves and when he returns he finds two teenagers involved in an argument. The young boy leaves Mary stranded with the old man. They get to know and like each other as a warm conversation develops.

Sammy Williams, a junior, and Ricky Mann, a senior, received honorable mention on the All State Football Team. They were picked for this because of the outstanding playing records during the past season.

ONE-ACT PLAY CAST – Carol Horton, Pete Lovell, Charlie Crowder.

Various Honors Are Awarded To Our Outstanding Athletes

Harold Breedlove was chosen by all the coaches in the district as one of the five on the All District Basketball team. He was the only junior in the district to make the first team.

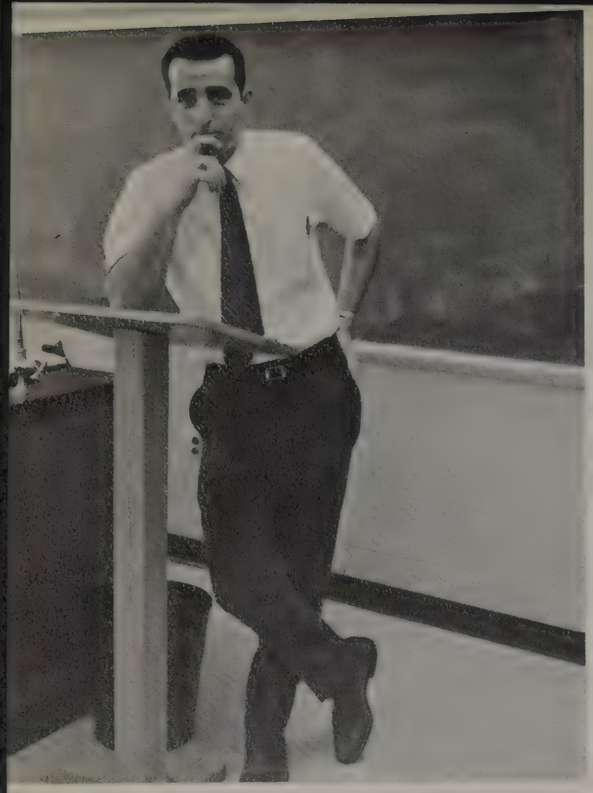

Coach Lowell Thomas was selected as Coach of the Year by the other coaches in the district. He received a certificate from the Lynchburg News. Coach Thomas remarked that the award itself was honor enough.

Tunstall had two members of its 1968-69 football team to make All-District first team, and one Honorable Mention. The All District first honors were won by Sammy Williams, a junior, and George Lewis, a senior. Rodney Raines, a senior, won his position on the second team.

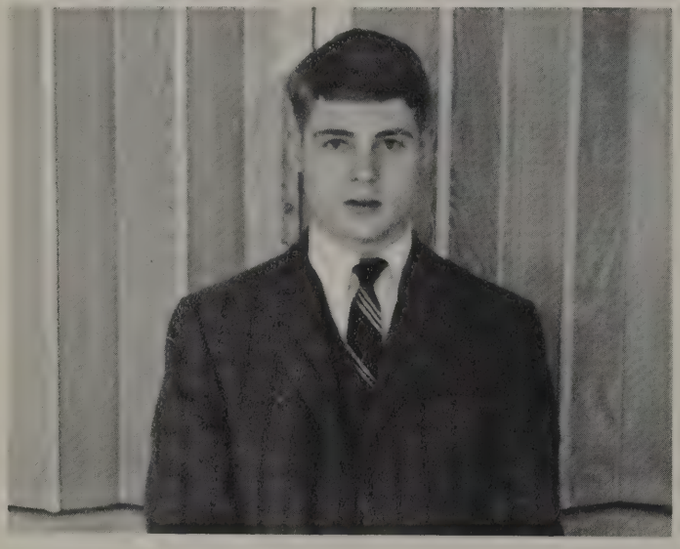

Sammy has played two years of varsity football. Sammy served as fullback on offense. He carried the ball 111 times for 530 yards and averaged 4.7 yards a carry. He scored seven points.

George Lewis played right guard on offense and played defensive left end. This was his fourth year as a varsity letterman and was the leading tackle for the team.

Rodney Raines played left halfback on offense and played safety on defense. This was Rodney's third year as a letterman.

Senior Students Shine as "Superlatives"

Each year the seniors cast ballots to determine which of their fellow classmates they feel are deserving of the "Senior Superlatives". This tends to give recognition to more reserved students who are as much a part of Tunstall as the more outgoing students.

THIS PICTURE DESERVES an explanation. The ILIAD'S devoted photographer, George Neal, hung by his feet from the railing upstairs near the pressroom in order to have something worthwhile to take a picture of, to finish out a roll of film. Just think what would have happened if he had fallen. The editor would be in jail.

Another School Year Has Gone By;

But Will Not Ever Be Forgotten

Another school year has gone by and everyone has left many footprints, some worthwhile and some valueless. But from each, there is a lesson to be learned.

We have endeavored to capture the most precious memories of this school year so that they may be kept and treasured for years. We hope we have succeeded in this endavor.

AVERETT COLLEGE

Primarily a college for women, Averett will admit men in upper-division classes on a day-student basis beginning in the Fall of 1969.

At the same time, Averett will offer the Bachelor of Arts and Bachelor of Science degrees required of a senior college. Professional courses in secondary and elementary education will be offered to meet requirements for teacher certification in the state of Virginia.

A new and more flexible academic calendar will introduce the Averett "minimester" for those students who wish to accelerate their graduation program by taking additional courses. Do your own thing . . . the option is yours.

Consider Averett.

pioneers... 1956

In 1956, you were probably in the first or second grade. Aside from the Indians you saw from this vantage point after school, there were the visions of growing up . . . of accomplishment. One measure of this achievement is reflected this year as you receive your high school diploma.

Back in 1956, Dan River was growing up, too. And from our slightly different vantage point, we had visions as well. That year we had four plants in Danville, Virginia and sales of slightly more than $122 million. As you graduate this year there are 29 Dan River plants scattered through five states; and our sales are expected to approach $300 million in 1969.

the horizons are still unlimited

OUR LEARNING EXPERIENCE LASTS FOUR YEARS . . .

...It's filled with people and books...hopefully, with involvement and understanding...and with opportunities to learn...

Specifically, we offer bachelor degrees in art, elementary education, and politics, humanities, fine arts, English, history, biology, music, sociology and Spanish. Our Spanish majors spend their junior year studying at an affiliated university in Spain.

We try to facilitate your learning experience by providing a dedicated and involved faculty...the latest teaching facilities...and a stimulating atmosphere.

We don't presume that our four years' Learning Experience will last a lifetime...but maybe it will be a beginning...
